EDUCATION

Chandigarh University

Bachelor of Engineering in Computer Science and Engineering

Punjab, India

2021-2025

EXPERIENCE

Junior Software Engineer (Intern)

Jan 2025 – June 2025

EPAM SYSTEMS

Hyderabad

- Gained practical, project-based training in full-stack development with MongoDB, Express.js, React, and Node.js, focusing on building scalable web applications.
- Developed RESTful CRUD APIs for a gym management system using Node.js and Express, enabling efficient management of users, workouts, and memberships.
- Secured APIs with JWT-based authentication and documented endpoints using Swagger for developer collaboration. Implemented Role based access control on the front-end.

Fullstack Development Intern

July 2023 – September 2023

Dichroic Labs

Remote

- Enhanced and Implemented 10+ crucial features in a span of six weeks
- Fixed 20+ bugs while refactoring and cleaning more than 10,000 lines of code
- Gained in depth knowledge of State Management and Redux

PROJECTS

EnergyX | *MongoDB, Express.js, React.js, Node.js*

April 2025

- Built a gym management application with responsive frontend interfaces with React to manage user profiles, workout plans, and gym subscriptions, enhancing overall user experience and admin efficiency.
- Designed and developed RESTful APIs using Node.js, Express, and MongoDB for a gym management application, enabling CRUD operations for users, workouts, and memberships.
- Implemented secure authentication and authorization using JWT and middleware, ensuring role-based access for admins and regular users.

SwiftKart | *MongoDB, Express.js, React.js, Node.js*

March 2025

- Developed a full-stack e-commerce platform using the MERN stack (MongoDB, Express.js, React, Node.js), supporting dynamic product listings, user authentication, and cart management.
- Implemented secure user authentication and authorization using JWT and bcrypt, enabling protected routes and role-based access for customers and admins.
- Integrated Stripe payment gateway for seamless and secure online transactions, handling real-time order processing and payment confirmations.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML/CSS, C/C++, Python

Frameworks: React, Node.js, Express.js

Databases: MongoDB, Firebase, Relational Database (MySQL)

Developer Tools: Git/Github, Visual Studio Code, Chrome Dev Tools, React Dev Tools

Relevant Coursework: Data Structures and Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering

Libraries: Redux, Tailwind CSS, Bootstrap, C++ STL

POSITIONS OF RESPONSIBILITY

Class Representative | *Training and placement program, Chandigarh University*

2023

- Served as one of the Class Representatives of the training and placement program at Chandigarh University. Responsible for managing workshops and programs conducted by the placement cell.

Webmaster | *Computer Society of India, CUSB*

2022

- Helped conduct a PAN India hackathon which saw a footfall of over 2000 participants.
