- Strong analytical and problem-solving skills.
- Excellent **communication**, teamwork, and stakeholder coordination skills
- Quick learner with a strong commitment to continuous self-improvement

Technical Skills

- Advanced Microsoft Excel, Microsoft PowerPoint, SQL(Basic), Power BI, Python (Basic)

Experiences

Nuvama Wealth Management – Business Analyst Intern

Jun'25 – present

- Collaborated with internal business users to gather requirements and prepared detailed Business Requirement Documents (BRDs) for system changes in financial applications.
- Coordinated with external vendors (e.g., Intellect, iBeats) to review Functional Specification Documents (FSDs), ensuring alignment with business needs and securing user sign-offs.
- Managed the complete change request lifecycle including BRD & FSD approvals, tracking vendor timelines, obtaining commercials, and facilitating Purchase Order (PO) generation.
- Planned and supported User Acceptance Testing (UAT) by monitoring testing activities, tracking issues, and ensuring resolution with vendors for timely UAT sign-off.
- Assisted in go-live planning by coordinating sanity testing with vendors, aligning with internal tech teams for deployment, and ensuring smooth delivery of system releases.

Ketto - Crowdfunding & Medical Fundraising in India. (Senior Executive – Business Operations)

Nov'21 – present

- Delivered actionable insights to senior stakeholders by converting operational data into strategic recommendations for business improvement.
- Analyzed KPI sheets and prepared weekly, monthly, and annual sales reports to track growth trends, category performance, and support sales forecasting.
- Led and managed a cross-city team of 5+ Quality Executives and stakeholders through daily standups to ensure compliance and operational excellence.
- Collaborated with tech, product, and support teams to streamline workflows, improve process efficiency, and reduce turnaround time.
- Built and maintained task tracking systems using Zoho CRM and Asana to manage project timelines and cross-functional coordination.
- Supported new business growth by contributing to pilot projects, vertical launches, and process automation initiatives.
- Coordinated with vendors and photographers for ad campaign shoots, ensuring timely execution and adherence to brand guidelines.
