EDUCATION

B.E -AI &ML Engineering - Present

Smt Indira Gandhi College of Engineering 2024
– 8.5 CGPA

Diploma - Information Technology Shivajira
S Jondhale Polytechnic - 89% 2019 – 2021

SKILLS

- Python
- Machine Learning •

EDA

- Git & Github

- SQL

- Data Visualizations •

Data Analysis

WORKSHOP

Workshop on Data Analysis & Data Visualisation 🔄

Machine Learning Club SIGCE - Navi
Mumbai

INTERESTS

Data Science 🔄 (Learned the Machine learning from youtube to make the personal project and enhancing the knowledge in machine learning)

CARRER OBJECTIVE

Passionate engineer seeks AI/ML internship to apply knowledge, gain hands-on experience, and learn from experts.

PROJECTS

Twitter Sentiment Analysis 🔄

Tool : Machine Learning & Streamlit

- Twitter sentiment analysis identifies negative, positive, or neutral emotions within tweet text.
- Analysis enables monitoring tweets of favorite personalities for sentiment trends.
- Fetches the 5 most recent tweets from a given Twitter handle for analysis and visualization.
- Generates a Word Cloud based on the content of the fetched tweets.
- Performs sentiment analysis and displays results in the form of a bar graph indicating sentiment polarity and sentiment categories of the tweets.

Movie Recommendation System 🔄

Tools - python ,flask,html,css,TMDB - API , NLP

- Content-based recommender system analyzes user preferences to suggest movies similar to their liked selections.
- Utilizes movie attributes such as genre, actors, directors, and plot summary to find similarities.
- Incorporates sentiment analysis to gauge user feedback sentiment from reviews.
- Determines user sentiment towards movies to enhance recommendation accuracy.
- Enhances user experience by offering personalized movie suggestions based on both content and sentiment analysis.
