Career Objective

A hard-working professional looking for a role where I can use my skills honestly and effectively. Committed to doing my best, learning continuously, and delivering quality results with strong values.

Education

Integrated Master of Technology in Computer Science and Engineering	2021 – Present
Specialization in Artificial Intelligence and Machine Learning, Vellore Institute Of Technology, Bhopal, M.P. 466114	CGPA – 8.04

Skills

- **Tech Stack:** Machine Learning, Data Science, Natural Language Processing, and Data Structure Algorithm, Data Analyst, Business Analytics Power BI.
- **Languages:** C++, Python, HTML, CSS.
- **Software:** Microsoft SQL, Microsoft Excel, Google Cloud, Visual Studio Code, Pytorch.

Projects

Library Management System:-

- Developed a web-based library system using **html,css,React.js, and MySQL** that automated 90% of manual processes for a 1000+ book inventory
- Implemented **JWT authentication** and role-based access control for 3 user types (admin, librarian, student)
- Reduced book search time by 60% through optimized database queries and indexing
- Designed responsive UI with **Material-UI** that increased user engagement by 40%

YouTube Comment Sentiment Analysis:-

- Built an **NLP pipeline** using Python that classified 1,000+ comments with 87% accuracy (F1-score)
- Implemented **BERT fine-tuning** and comparison with traditional models (Logistic Regression, SVM)
- Deployed as a **Flask API** handling 100+ requests/minute with 200ms average latency
- Reduced training time by 35% through hyperparameter optimization

Internship (IBM Cyber Security)

- **Cyber Security Analyst**
 - **Vulnerability Management:** Identified security flaws (weak credentials, unpatched systems) via network assessments and implemented MFA/encryption, reducing risks by 40%.
 - **Security Tools:** Used QRadar (SIEM), NIST CSF framework, and incident response playbooks.
 - **Reporting:** Presented technical findings and mitigation strategies to IBM security leadership.

Certificate

- Applied Machine Learning in Python (Coursera) University of Michigan. [LINK](#)
- AI For Everyone (Coursera) DeepLearning.AI. [LINK](#)
- Cyber Security Analyst (IBM). [LINK](#)

Extra-Curricular Activities

- **AI-Club Core Member** - Organized 10+ guest speaker sessions for 100+ attendees, managing end-to-end logistics including venue coordination, scheduling, and attendee engagement while maintaining protocols.
- **AI Club, Insight Club** (VIT BHOPAL).

Coding Profiles

- Regularly solve [LeetCode](#) / [GFG](#) Enhanced DSA proficiency by solving 50+ LeetCode / GeeksforGeeks problems (easy / medium), improving pattern recognition and code efficiency.

Hobbies and Language

- Avid book reader - Read **“You Can Win”** by **Shiv Kherra** and **“Eidgah”** by **Munshi Prem Chand** to build **motivation, discipline, and empathy**.
- Competitive cricket and volleyball player, developing teamwork and discipline through tournaments.
- English, Hindi (Proficiency)
