

Rohit Bhuse

Pimpri, Pune | rohitbhuse3126@gmail.com | 7083415869 |

Objective

Highly motivated and detail-oriented recent graduate with a degree in Statistics . Seeking an entry level position in statistics , data analysis, or related fields where I can apply my skills in data collection, analysis and interpretation to solve real-world problems and contribute to the growth of an organization.

Education

Master of Data Science, Dr. D. Y. Patil Arts, Commerce & Science College
Bachelor of Statistics , Pune University

Pursuing
2021 - 2024

Skills

Technical Skills: R, Python, Excel, SQL, PowerBi, Tableau

Soft Skills: Analytical Thinking, Communication, Presentation, Leadership and Initiative

Functional Skills: Analytical Thinking, Communication, Presentation, Leadership and Initiative

Projects

Digital Wallet Transaction.

Performed EDA on a synthetic digital wallet dataset, focusing on user behavior, spending patterns, and transaction trends. Tasks included data cleaning, feature engineering, outlier detection, and statistical analysis. Created insightful visualizations using R to highlight trends across regions, payment methods, and product categories.

Rental Car Analysis.

Conducted Exploratory Data Analysis (EDA) and build a Machine Learning model on a used car dataset, focusing on data cleaning, feature engineering, and outlier detection. Analyzed relationships using statistical tests and visualized trends. Predicted car price based on features like mileage , torque ,etc. using random forest , svm, linear regression and decision tree. Exported cleaned data, showcasing proficiency in R, data visualization, statistical analysis and model building.

Emotion Analysis

This project focuses on building a deep learning model using Long Short-Term Memory (LSTM) networks to classify emotions from text data. Leveraging the sequential nature of LSTM, the model captures contextual information in sentences to identify emotions such as joy, anger, sadness, fear, and surprise. The workflow includes data preprocessing (tokenization, padding), word embeddings , model training, and evaluation.

Extra-Curricular Activities

Research project Competition (AVISHKAR).

Worked as a NAAC Commitee member

Certification And Courses

Lean Six Sigma Green Belt.

Introduction to Data Analysis with Microsoft Excel (Coursera).

Data Analytics (Learn-Tube).
