SKILLS

ANALYTICAL & BUSINESS INTELLIGENCE TOOLS : MS Power BI, MS PowerApps

LANGUAGES : C, Structured Query Language (SQL), Python, Visual Basic for Applications (VBA)

LIBRARIES : Pandas, NumPy, Matplotlib, Kivy

DATABASE MANAGEMENT : MySQL, MS SQL Server

MS OFFICE : MS Word, MS PowerPoint, MS Excel

PROJECT & PROCESS MANAGEMENT: Six Sigma, Project Management, Supply Chain

INTERNSHIPS

STEEL AUTHORITY OF INDIA LIMITED **June 2024 - July 2024**

Summer Intern

- Gained hands-on exposure to 6 key plant operations including Raw Material Handling, Coke Oven, Sinter Plant, Blast Furnace, Steel Making Shop, and Rolling Mills, observing processes handling over 10,000 tons of material daily.
- Analyzed carbon emission patterns across plant units and identified Blast Furnace and Coke Ovens as primary sources; proposed CCUS integration based on STEPWISE-50 technology, demonstrating potential to capture up to 90% CO₂ emissions.
- Evaluated SAIL's expansion plans at Burnpur, analyzing capacity growth from 2.5 to 7 MTPA and its impact on automotive-grade steel production.

KPMG GLOBAL SERVICES PRIVATE LIMITED

February 2025 - July 2025

Transformation Intern

- ML-DOST Chatbot** :
 - Engineered ML-DOST, an NLP driven chatbot using Python and Kivy, deployed across the Deal Advisory & Strategy Unit, serving 1400+ employees with automated query resolution.
 - Enabled intelligent matching of 100+ FAQs across RM, Timesheet, Travel, Leave, KPI & other domains using TF-IDF, cosine similarity and WordNet based synonym expansion improving query accuracy by over 40%.
 - Replaced legacy chatbot (DOST), resolving limitations in keyword only search and spelling sensitivity, leading to a 30% reduction in unresolved queries and enhanced user experience.
 - Automated feedback logging and escalation via Excel and Outlook escalation, contributing to an estimated 350+ hours saved annually.
- Pastify Automation Tool** :
 - Designed and implemented Pastify VBA Tool to automate slide creation for Buyer Profiles & Transaction summaries, streamlining data exports from Excel to PowerPoint for 220+ users across Corporate Finance and Mergers & Acquisition teams.
 - Reduced formatting time from 90 minutes to 20 minutes per use, saving 70 minutes per project iteration across 3 project types and 40+ uses annually.
 - Supported over 100 calculations per use, improving accuracy and consistency in high volume reporting workflows.
 - Delivered an estimated 4600+ hours of annual time savings, significantly enhancing team productivity and turn around time.

ACADEMIC PROJECTS

Sales Insights Of A Brick And Mortar Business

- Designed and deployed an automated Power BI dashboard to tackle scalability issues for a computer hardware retailer with 50+ SKUs and operations across 14 cities.
- Utilized SQL for data extraction and transformation, and visualized key KPIs such as revenue growth, YOY trends, and region-wise sales performance over a 12-month period.
- Enabled real-time, data-driven decisions, reducing reporting time by ~60% and projecting a 7% revenue uplift in the upcoming quarter based on insights from the dashboard.

EXTRACURRICULAR ACTIVITIES

Executive In The National Service Scheme

- Organized and participated in 4 blood donation camps and led Van Mahotsav campaigns by planting more than 500 saplings with 200+ volunteers.
- Conducted awareness drives in 6 rural villages, educating 500+ residents, including schoolchildren and women, on health topics like blood donation and menstrual hygiene.

Event Organizer Of Bongotsav

- Led Bongotsav, a cultural event with 400+ attendees and 20+ volunteers, managing logistics, programming, and overall execution.
- Raised ₹1.5 lakh+ through contributions; coordinated with vendors and handled catering, promotions, and collateral distribution.

ACHIEVEMENTS

- Awarded the Scholar Badge by DPS Ruby Park for an excellent result in AISSCE 2020 with a score of 91%.
- Conferred the Goutam Mitra Memorial Award by The Calcutta Boys School for securing All India Rank 1 in Mathematics in ICSE 2018.
- Achieved a 4-Star Silver Badge in SQL on HackerRank, placing in the top 10% of global users for structured query language proficiency.
- Ranked All India Topper in the NPTEL course "Education for Sustainable Development", outperforming 30,000+ enrolled learners, demonstrating deep knowledge of sustainability practices.
