

SIDDHI SHELKE

B-Tech Student in Artificial Intelligence and Data Science

+91 7738567524 | shelkesiddhi16@gmail.com | Thane, Mumbai

OBJECTIVE

AI and Data Science engineer with expertise in Python, SQL, machine learning, and generative AI. Holds an honors degree in Cybersecurity, adding a security-focused perspective to AI solutions. Developed an AI Attendance System, awarded as the best AI solution in a hackathon. Experienced in computer vision, object detection, and classification projects. Passionate about leveraging AI and cybersecurity to drive innovation and digital security.

EXPERIENCE

Hackathon Project - AI Attendance System

03/2024 - 03/2024

Developed a comprehensive attendance management system utilizing AI technologies.

- Created AI solution automating the AI Attendance System
- Implemented face recognition and speech recognition for attendance
- Generated visualizations for recorded attendances
- Handled all data engineering, management, and data science
- Project selected as the best AI solution in the hackathon

Intern

LetsGrowMore

08/2023 - 09/2023

Internship focused on data science projects

- Developed an image to pencil sketch converter with Python
- Implemented stock market prediction and forecasting using LSTM
- Created a music recommendation system based on facial Expressions.

Intern

Atharvo India Pvt. Ltd

01/2024 - 03/2024

Internship specializing in machine learning applications.

- Trained machine learning models based on diverse datasets using different algorithms
- Developed a Python game - Flappy Bird.

Intern

SAKEC-ACM

12/2023 - 04/2024

Intra-college internship focusing on data science applications.

- Implemented AI solutions for farming including crop and fertilizer recommendations, and disease prediction
- Crop & Fertilizer Recommendation:** Developed an AI-powered system that suggests the best crops and fertilizers based on soil nutrients and pH levels.
- Plant Disease Prediction:** Implemented a machine learning model using computer vision to detect and diagnose crop diseases from images.
- Real-time Environmental Analysis:** Integrated ClimateAPI for real-time environmental data to enhance farming recommendations.

Intern

EduSkills , AICTE

07/2024 - 09/2024

Google for Developers AI-ML Virtual Internship

- Learn Ai and ML
- Created various images based on a prompt using Generative AI.

KEY ACHIEVEMENTS

AI Interview System Project

Research Paper Accepted in IEEE 6th International Conference on Data Intelligence and Cognitive Informatics ICDICI-2025

Skills

- Event Coordination:** Managed TechnoKagaz Research Paper Event and Hackathon at SAKEC.
- Hospitality & Graphics Lead | SAKEC - CogniScience Club**

EDUCATION

B.Tech in Artificial Intelligence and Data Science (9.30 / 10)

Shah And Anchor Kutchhi Engineering College

01/2021 - 05/2025 | Chembur, Maharashtra

H.S.C State Board (92.67%)

KET's V.G.Vaze college

04/2020 - 05/2021 | Mulund

S.S.C State Board (87.40%)

Bharatratna Shrimati Indira Gandhi Vidyamandir School

01/2018 - 05/2019 | Thane

SKILLS

AI	Data Engineering		Beautiful Soup	
Data Science	Roboflow		Excel	
Deep Learning	Python		LSTM	OOPs
Machine Learning	NLP		OpenCV	Python
SQL	Data Collection		Langchain	PyTorch
Data Visualization		Data Warehousing		
Data Analysis				

PROJECTS

Object Detection and Classification

01/2024 - 04/2024

Focused on advanced techniques in openCV

- Employed YOLO v4 and v8 for object detection.
- Detected vehicles traveling the wrong way.
- Extracted number plates using OCR.
- Counted number of persons effectively.

Ai interview System

08/2024 - 03/2025

Built AI-driven systems for skill evaluation.

- AI Interview System:** Developed an AI-driven mock interview platform using NLP and computer vision for candidate assessment.
- Resume Classification:** Built an ML model to categorize resumes based on skills and job roles for efficient screening.
- Mock Interview:** Designed an AI-based system to simulate real interview scenarios and provide performance feedback.
- Text Summarization:** Implemented NLP algorithms to generate concise and meaningful summaries from large documents.

CERTIFICATION

Microsoft generative Ai

- Aavishkar competition participate in Mumbai University.
- Hackathon participate - Syntechxathon 3.0, Algeria , built-n-build
- Cisco - Data science , Data analytics , Intro to IOT., Intro. To Cyber security
- Spoken tutorial on C, GIMP, Python, Java, JavaScript, RDBMS, R
