SUMMARY

Analytical and detail-oriented Business Analyst with hands-on experience in Oracle Cloud Financials, ERP configuration, and digital workflow optimization. Adept at bridging the gap between technical solutions and business needs, with strong capabilities in SQL, Python, Power BI, Tableau, and Excel. Proven ability to translate requirements into scalable systems through stakeholder collaboration and data-driven insights. Certified through virtual consulting programs with BCG, PwC, and Deloitte. Eager to contribute to data-backed decision-making and strategic initiatives in fast-paced consulting environments.

EXPERIENCE

Egisedge Technologies Pvt. Ltd., Oracle IT Trainee Onsite

Jul 2024 - Nov 2024

- Oracle Cloud Financials (AP, AR, GL, FA, CM) implementation, ERP configuration, SQL reporting, VBCS development, APEX QA testing, KYC compliance, client onboarding, cross-functional BRD/FRD delivery.
- Configured and deployed Oracle Cloud Financials modules (AP, AR, GL, FA, CM), reducing manual financial reporting time by 30%
- Led end-to-end implementation of the Fixed Assets (FA) module, ensuring compliance with accounting standards and seamless integration
 - Assisted in data extraction and transformation using SQL during ERP testing and validation processes (ETL exposure)
 - Collaborated in cross-functional teams using agile tools (JIRA) to manage sprints and deliverables during Oracle Cloud
 - Developed internal business apps using Oracle VBCS, improving operational workflows by 25%
 - Executed **KYC** compliance testing for a fintech client, cutting onboarding errors by 35%
 - Tested Oracle APEX applications with the QA team, boosting defect detection by 40%
 - Wrote SQL queries for operational reporting and testing validation
 - Delivered Wix-based onboarding website, enhancing client conversion rates
 - Gathered business requirements to support Oracle Cloud solution design and delivery
 - Authored training manuals and user guides to ensure smooth user adoption

EDUCATION

Amrita Vishwa Vidyapeetham, Mysore
Bachelor of Computer Applications (B.C.A.)

Jul 2021 - Nov 2024

PROJECTS

BNPL for Bharat

Independent Project · Fintech · Strategy · Risk & Profitability

- Built a comprehensive BNPL financial model with dynamic user growth, CAC optimization, late fee revenue, and cash flow projections
- Designed modular Excel sheets (Assumptions, Scenario Switch, Monthly Flow, Dashboard) with real-time Base/Best/Worst toggles
- Simulated KPIs including CAC, LTV, Payback, Revenue/User, Profit/User, and Default Sensitivity
- Authored detailed BRD/FRD documentation for business logic, KPI mapping, and strategic modeling
- Integrated Gemini API to generate AI-powered insights, scenario guidance, and risk evaluation

AI-Powered Digital Market Intelligence System(ongoing)

Python · Google Gemini API · Consulting Intelligence Agents

- Engineered a modular, CLI-based AI system in Python, integrating six agents for customer persona analysis, competitor mapping, sentiment mining, and opportunity discovery
- Built an Agent Manager orchestrator to coordinate agent workflows using Gemini API and modular logic
- Automated competitive intelligence extraction and strategic generation for startups in digital content and commerce

CERTIFICATION

- **BCG – Strategy Consulting** Simulation (Market Research, Profitability Modeling, Turnaround Strategy)
- **PwC US – Management Consulting** Simulation (M&A Synergy, Executive Communication)
- **Deloitte Australia** – Data Analytics Simulation (Excel Models, Tableau Dashboards)
- **TCS – Data Visualization** Simulation (Strategic Dashboards in Power BI)

SKILLS

• Python • R • SQL • Power BI • Tableau • Excel • Gen AI • NVivo • AWS • Google Cloud Platform • JIRA • Figma • Canva • Exploratory Data Analysis • Time Series Forecasting • Data Visualization • Data Cleaning • Data Validation • Prompt Engineering • Text Mining • Thematic Analysis • Stakeholder Engagement • Requirement Gathering • Gap Analysis • BRD • FRD • Strategic Problem Solving • KPI Definition • Market Research • Competitor Research • Data-Driven Decision Making • Business Insight • Cross-Functional Collaboration • Structured Thinking • Communication • Analytical Problem-Solving
