WORK EXPERIENCE

Flair Minds Software Ltd. – Data Scientist Intern

Jun 2025 - Present

- Python | MySQL | Django | FastAPI | Data Analysis | RAG | Git
 - Implemented and integrated scalable micro-services using Django and FastAPI, handling backend development with Python, MySQL, and Git.

Watershed Organization Trust – Data Scientist Intern

Nov 2024 – May 2025

- Python | MS Excel | Looker Studio | MySQL | FastAPI
 - Analyzed complex datasets to extract actionable insights for development projects.
 - Built and deployed machine learning models to enhance resource optimization.
 - Guaranteed data accuracy through preprocessing, cleaning, and effective data management techniques.
 - Developed a Chatbot using RAG for answering farming-related queries.

Statsloom – Data Analyst Intern

April 2024 – June 2024

- R-Studio | Python | MS Excel
 - Conducted extensive data scraping to collect and preprocess data.
 - Analyzed clinical datasets to derive actionable insights.
 - Developed and implemented regression models for predictive analysis.
 - Delivered actionable insights to team, enhancing data-driven decisions.

TECHNICAL SKILLS

Programming Languages: Python, R

Software/Tools: SQL, AWS, MS Excel, Power BI, MongoDB, Git

Statistical Skills: Machine Learning, Statistical Modeling and Analysis, Data Mining, Hypothesis Testing, Clinical Trial Design, Time Series Modeling, Predictive Analytics

Frameworks: Django, FastAPI, REST API

EDUCATION

- **Modern College, Savitribai Phule Pune University** | M.Sc. Statistics | CGPA: 9.04 2022 - 2024
- **S.P. College, Savitribai Phule Pune University** | B.Sc. Statistics | CGPA: 8.98 2019 - 2022

PROJECTS

Brain Strokes Prediction

Nov 2023 - Apr 2024

- Predicted stroke occurrence using highly accurate ML techniques.
- Identified the age group with the highest stroke risk.
- Pinpointed key symptoms that significantly impact stroke incidence.
- Developed an interface to predict the likelihood of stroke for new users.

Analysis of OTT Platform

Oct 2021 - Apr 2022

- Identified the 'Most Popular' and 'Highly Used' OTT platforms.
- Assessed the impact of the COVID-19 pandemic on OTT platforms.
- Identified reasons for the growth of OTT platforms.
- Learned from data to recommend the 'Best TV Shows' to User.

Certifications & Challenges: [Data Analytics](#) | [Machine Learning](#) | [Power BI](#) | [Python](#) | SQL | [Other Certifications](#)

Activities:

- Competed in Volleyball at the Division level in 2019 and 2020.
- Secured 2nd Rank in Mathematics Olympiad at Sir Parshurambhau College.
- Solved 100+ problems on LeetCode and CodeChef to enhance problem-solving and programming skills.
