PROFILE SUMMARY

Final-year Computer Science student with a deep interest in data science and analytics. Over the past year, I've worked on multiple projects applying Python, Excel, and Tableau to solve real-world problems like sales forecasting and product analysis. I enjoy turning raw data into meaningful insights and I'm actively building my skills to work on business-focused, data-driven challenges.

EDUCATION

B.Tech – Computer Science and Engineering	2022-2026
CGPA : 8.43/10	
Class XII – Central Board of Secondary Education	2021
Secured 81.2%	
Class X – Central Board of Secondary Education	2019
Secured 93%	

TECHNICAL EXPERIENCE

Flappy Bird | Project Link

- Developed an autonomous agent using **Reinforcement Learning (DQN)** to simulate real-time decision-making
- Validated model performance through simulation, achieving a **high score of 66** and sustained gameplay over **4 min**
- Employed **Experience Replay**, achieving a **30%** boost in training efficiency and overall model accuracy

Nykaa Business Performance Dashboard

- Created a **Tableau dashboard** analyzing **8.21M units sold**, **5.06B revenue** across **7 cities**, **7 categories**, and **23 brands**
- Built **15+ interactive visualizations** to highlight KPIs like top revenue drivers, category profit margins, and city-level sales trends
- Enabled dynamic filtering & insights that identified **Skincare** as the highest profit category & **Makeup** as the top-selling category

Inventory Forecasting & Customer Data Automation

- Built a demand forecasting model using **Prophet** to predict **90-day sales** for 4 products based on synthetic sales data
- Designed SQL tables and queries to segment demand, rank products, and analyze feedback across 20+ cities
- Proposed buffer stock increase of **20–30%**, helping reduce stockouts and align marketing with demand peaks

Dress Recogniser | Project Link

- Designed and trained a **6-layer CNN** using **TensorFlow & Keras** to classify 28x28 grayscale dress images into 10 categories
- Achieved **92.46% training accuracy** and **88.76% test accuracy** over 20 epochs on a dataset of 60K+ images
- Used **Adam optimizer**, **30% dropout**, and **SparseCategoricalCrossentropy** to reduce overfitting and improve generalization

Business Operations Dashboard & Insights

- Designed and developed a sales dashboard in **Excel** to track key **KPIs**
- Used **pivot Tables**, **slicers**, and **conditional formatting** to enable dynamic insights
- Designed and implemented interactive **visualizations**(bar, line, and pie charts)

TECHNICAL AND SOFT SKILLS

Languages	Python, C++, Sql, Numpy, Pandas, Matplotlib, Machine Learning, Deep Learning
Machine Learning	Regression, Classification, Clustering, Reinforcement Learning
Deep Learning	Neural Networks, Activation Functions, DropOuts, CNNs
Tools	Tableau, PowerPoint, Excel, LinkedIn Sales Navigator
Analytical	Business Case Analysis, Exploratory Data Analysis, Market Research, Strategy Consulting
Soft Skills	Communication, Marketing, Leadership, Public Speaking, Team Management, Problem-Solving
Certifications	Foundations of Business Intelligence by Google, Introduction to Strategy Consulting by BCG

POSITIONS OF RESPONSIBILITY

Human Resource Manager | Startup Grind, Bhubaneswar

[Jan 24 - Oct 24]

World's largest Community of Startups

- Managed a team of **10** in the Speakers Connect and Partnerships domain
- Directed Startup Grind's annual flagship event "**Funding Den**" attracting over **1,000** attendees

Public Relation Secretariat | KIIT International Model United Nations

[Aug 23 - Oct 23]

One of Asia's largest Model United Nations

- Collaborated with a **7-member** team to drive **3,000+** event registrations and maximize engagement
- Managed a footfall of **1000+** attendees, ensuring seamless execution and a positive experience

Public Relation Manager | TEDxKIIT University

[Jun 24 - Aug 24]

Part of a 5 member team responsible for registrations and collaborations

- Secured over **600** registrations and attracted more than **500** students to the talk
- Partnered with other **6 TEDx chapters** from different colleges to expand event reach and engagement

Actor | Kalakaar

[Mar 23 - Present]

Dramatics Society, KIIT University

- Bagged **3rd** position in Monoact at IIT Bhubaneswar, performing in front of **150–200** people
- **2nd** runner-up at IIT Kharagpur's Spring Fest and **2 times** winner at **KIIT Fest** in Nukkad Natak
