## EDUCATION

University of Pune, Pune

Jan 2020 – Jul 2023

B.E. in Information Technology - **CGPA - 7.7**

Pune, India

Siddhant College of Engineering, Pune

Jun 2015 – Nov 2019

Diploma in Computer Engineering (MSBTE) - **Percentage - 63.6%**

Pune, India

## EXPERIENCE

MyndNova Solutions

Jul 2024 – Jul 2025

Software Data Engineer (Databricks) Intern

Pune, India

- Contributed to the development of a Smart LMS platform used by over **10,000+ students**, aimed at enhancing personalized learning and academic growth.
- SLMS:** Worked on backend development using **Java, PHP and MySQL** on **Apache Tomcat** platform. Delivering a scalable learning solution used by **10,000+ students**
- Deployed the application on **Apache Tomcat** and **XAMPP** for thorough testing and demonstration, accompanied by comprehensive documentation and test cases.
- Implemented **REST APIs** and optimized database queries, reducing server response times by **28%** and supporting over **10,000** concurrent users with zero downtime.
- Implemented scalable **ETL pipelines** on **Databricks** using **PySpark** and **Delta Lake**, enabling real-time ingestion and transformation of student engagement data.
- Developed data quality checks and job orchestration with **Databricks Workflows**, improving analytics reporting accuracy by **25%**.

## PROJECTS

**Smart LMS** | [Java](#), [PHP](#), [MySQL](#), [HTML/CSS](#), [JavaScript](#), [Apache Tomcat](#)

- Crafted an smart LMS using **Java, PHP, JavaScript and MySQL**. Built **user authentication** and **role-based access control** for Admin, Teacher, and Student roles, ensuring data privacy and security.
- Built dynamic web interfaces for course creation, assignment uploads, and real-time announcements using **Java Servlets and PHP laravel** with **MySQL** streamlining administration and reducing workload by **40%**.
- Developed **RESTful APIs** to support mobile/web integration for dashboard access and notifications.
- Used **AJAX and JavaScript** for responsive and interactive UI components, enhancing user experience.

**FlightReserve**  | [Java](#), [Spring Boot](#), [AngularJS](#), [Microservice](#), [MySQL\(Database\)](#)

- Originated an Java-based **E-commerce airline web** application using **Spring boot, Spring ORM and MySQL**. Added features to search and book flights, **resulting in 92% increased functionality**.
- Enforced **MySQL Database** to store entire back-end operations by adding a **database using queries**.
- Generated more than **8+ REST APIs** for the flight booking to seamless reservations for passengers.

## TECHNICAL SKILLS

**Languages:** Python, Java, C++, JavaScript, MySQL, PostgreSQL, HTML5/CSS, MongoDB, PHP

**Developer Tools:** VS Code, IntelliJ-idea, Eclipse, PyCharm, NetBeans, JUnit, Moodle, Apache Tomcat

**Technologies/Frameworks:** Linux, GitHub, React.js, Angular, Azure, GCP, Node.js, MVC, Laravel

## ACHIEVEMENTS

- Conquered over **500\* Daily LeetCode problems**, maintaining a **300\*-day streak**.
- Earned **5\*** on **HackerRank** on **Java in Data Structure and Algorithms**.
- Secured **2nd/1500** participants in the **AccioSAT DSA Scholarship test** organized by **AccioJob**.
- Garnered a **5\*** rating in **SQL Advanced and Intermediate skill** on **HackerRank**.

## CERTIFICATIONS

- Software Engineer Certification - **HackerRank**
- Software Engineer Intern Certification - **HackerRank**
- Programming for Everybody (Getting Started with Python) - **Coursera**
- Java Back-end Development Certification with Spring Frameworks - **AccioJob**
