SUMMARY

Highly motivated developer with hands-on experience in Java, Python, SQL, Excel, Power BI, MongoDB, Node.js, and Express.js. Skilled in building full-stack applications using the MERN stack, developing RESTful APIs, and creating interactive dashboards for data analysis. Quick learner with strong debugging and problem-solving skills.

PROFESSIONAL SKILLS

MS Excel, Power BI, Jupyter Notebook, VS Code, Git, GitHub, Tableau,

TECHNICAL SKILLS

Python, Machine Learning, AI, SQL, Java, R, Data Cleaning, Analytics, Statistical Analysis, Data Visualization, Web Scraping, AWS, S3.

PROJECTS

E-Shop Virtual Try-On (B.E. Final Year Project) 12/2024 – 06/2025

Tech Stack: MERN Stack, Next.js, Tailwind CSS, Hugging Face (VTO API), Node.js

- Built a full-stack e-commerce site with React.js and Node.js that integrates Hugging Face IDM-VTON for virtual try-on, handling base64 image uploads plus rate-limits and error-retries for smooth, fair usage.

Financial Data Analysis 10/2024 – 11/2024

Tech Stack: Excel, Power BI, SQL, Python

- Analyzed financial data and built forecasting models to support decision-making. Conducted variance analysis and presented insights using Excel and Power BI. Automated reports and dashboards to streamline financial performance tracking.

EXPERIENCE

Project Engineer (Academic Role) 12/2024 – 06/2025

Implemented a full-stack AI-based e-commerce web app using React.js, Node.js, and MongoDB, integrating the Hugging Face IDM-VTON model for virtual try-on. Took the lead on backend development, handling image processing, API integration, and rate-limiting logic.

EDUCATION

B.E. in Computer Engineering, Parvatibai Genba Moze College, Pune 07/2021 – 06/2025
CGPA: 8.01 Pune

Science, Shankarlal Khandelwal Science College, Akola 07/2019 – 06/2021
Percentage: 81.33 Akola

ADDITIONAL INFORMATION

Certifications & Awards

Earned SQL certification on Hacker Rank.
Programming Certificate
Best Performer Award (Cricket)
Tata GenAI Powered Data Analytics Certificate
