

SATYAM TYAGI

Gwalior, Madhya Pradesh (474005)

+919522175035 tyagisatyamiiitu@gmail.com in LinkedIn Github

Education

Indian Institute of Information Technology (IIIT), Una

Dec 2020 - May 2024

Bachelor of Technology in Electronics and Communication Engineering

CGPA: 7.28

Experience

WEBXELA

April 2024 - Oct 2024

Data Analyst (April 2024 - Oct 2024)

Bengaluru

- Designed and developed interactive Power BI dashboards for real-time data monitoring, enabling data-driven decision-making and operational efficiency.
- Analyzed data using SQL and Python, improving operational efficiency
- Ensured data accuracy, reducing reporting errors

Projects

1. Face Recognition Attendance System | *Python, OpenCv, Deep Learning*

- Developed a dataset of ECE students at IIIT Una by capturing multi-angle images and applying image augmentation techniques, resulting in a dataset of 11,000 images for enhanced model training.
- Trained a Deep Learning model using Convolutional Neural Networks (CNNs) to recognize faces from the dataset
- Programmed the system to mark the attendance of students live in an Excel sheet using a webcam

2. Unmanned Ground Vehicle | *Python, Deep Learning*

- Developed an Autonomous Unmanned Ground Vehicle (UGV) specifically designed for disaster management purposes
- Implemented obstacle detection capabilities within the UGV system
- Implemented features human identification, and location reporting within the UGV system

3. Amazon-Prime-movies-and-tv-show-PowerBi-Dashboard | *Power BI, DAX, SQL, Dataset*

- Developed an interactive Power BI dashboard to analyze Amazon Prime movies and TV shows, enhancing data visualization and decision-making.
- Performed data cleaning, transformation, and modeling using Power Query and DAX to generate meaningful insights.
- Implemented key performance indicators (KPIs) such as total genres, total ratings, total titles, and content distribution across different regions.

Relevant Coursework

- Machine Learning
- Deep Learning
- NLP
- Data Analyst

Technical Skills

Languages: Python, SQL

Data Analyst Tools: Power BI, Tableau, Excel

Developer Tools: VS Code, Anaconda, Jupyter Notebook, Google Colab, MySQL, PostgreSQL

Python Packages: NumPy, Pandas, Matplotlib, Seaborn, scikit-learn, OpenCV, TensorFlow, Keras

Certifications

Udemy - Complete Data Analyst Bootcamp From Basics To Advanced

Udemy - Complete Data Science, Machine Learning, DL, NLP Bootcamp

Achievements & Extra Curricular

Leetcode and **Codechef** - Solved 250+ Questions of SQL on this Platform

Earned 5-star ratings in SQL and 3-star ratings in Python on HackerRank

Volunteer, Technical Club, AAVESH IIIT UNA Feb. 2020 - Jan 2021

Volunteer, Discipline committee Head, Sports Club IIIT UNA July. 2023 - Jan 2024
