INTERNSHIP EXPERIENCE

Finance Intern at Central Mine Planning & Design Institute Limited (CMPDI) Ranchi, Jharkhand (June'24 – August'24)

- Gained practical expertise in billing and sales realization, contributing to streamlined financial operations.
- Applied SAP Project System (PS), Sales and Distribution (SD), and Finance and Controlling (FICO) modules to optimize sales and financial processes, enhancing operational efficiency.
- Developed a strong understanding of financial systems and their impact on business finances

Finance Intern at Central Coalfields Limited (CCL) Ranchi, Jharkhand (May'22– July'22)

- Conducted a comprehensive study on the demand and supply process of coal at Central Coalfields Limited (CCL), followed by thorough data analysis pertaining to coal consumer demand and its supply.
- Analyzed data concerning trends in buyers' coal demand and the proportion of coal supplied through various available transportation modes.

PROJECTS

Master's Thesis: Assessing the Economic and Environmental Consequences of Urbanization across geographies

- Analyzed the relationship between per capita income and urbanization across Indian states using correlation analysis to identify economic growth patterns and inform equitable development strategies.
- Investigated the impact of urbanization on environmental quality across Indian cities using the Environmental Kuznets Curve (EKC) framework and Two-Stage Least Squares (2SLS) regression with city-level data to support evidence-based sustainable urban policy.
