Maharashtra, India

Dynamic and detail-oriented Software Engineer with deep expertise in database development, object-oriented programming, and full-stack web application design. Proven track record of delivering robust, scalable solutions using ASP.NET, C#, MS SQL, and modern front-end technologies. Demonstrates advanced skills in designing secure system architectures, optimizing query performance, and delivering intuitive UI/UX experiences.

Hands-on experience in the banking domain, with solid understanding of Agile development processes and familiarity with DevOps operations, including version control, deployment pipelines, and CI/CD. Adept at collaborating in cross-functional teams, troubleshooting complex issues, and continuously adopting cutting-edge technologies—currently strengthening capabilities in ReactJS and modern JavaScript frameworks.

PROFESSIONAL SKILLS

Database MS SQL, Cassandra *Object-Oriented Programming (C#, Java)* **Front-End (ReactJS, HTML, CSS, JS, TS)**
Agile Software Development **DevOps Familiarity (CI/CD, Git, GitHub)** *Version Control & Team Collaboration*
Git, Github **Banking Domain Knowledge** *ASP.NET* **Postman**

EXPERIENCE SUMMARY

1. Oct 2024- Till now – Vengurla Tech Pvt Ltd

WORK EXPERIENCE

1. PROJECT : SOCIETY MANAGEMENT SYSTEM

(Feb 2025 - Till Now)

- Developed a web-based Society Management System using ASP.NET for front-end, C# for back-end logic, and SQL with SQL Server Management Studio for data storage, streamlining administrative tasks for society residents, including members, flat owners, and tenants.
- Implemented features to reduce paperwork by digitizing maintenance bill generation and receipt management, utilizing RDLC forms in Microsoft Visual Studio for report generation.

2. PROJECT : CASEXELLENC

(Oct 2024 - Feb 2025)

Project Description: CaseXellence is a low-code intelligent process automation platform that enables public sector enterprises to modernize and transform their legacy infrastructure.

- Developed responsive and user-friendly web interfaces by employing HTML5, CSS3, Bootstrap5, and JavaScript, ensuring compatibility across different browsers and achieving optimal performance.
- Employed frontend frameworks and libraries, such as Angular17, NgRx and RxJS to create dynamic and interactive web applications.
- Utilized SCSS and CSS preprocessors to streamline CSS development processes and improve maintainability.
- Implemented version control using Git and collaborated with cross-functional teams via GitLab, facilitating seamless code management and collaboration.
- Actively participated in Agile methodologies, including daily stand-ups, sprint planning, and retrospectives, to ensure project progression and timely delivery.
- Engaged in close collaboration with product managers and stakeholders to grasp requirements and offer technical expertise throughout the development lifecycle.

EDUCATION AND CERTIFICATION

SINDHUDURG SHIKSHAN PRASARAK MANDAL'S COLLEGE OF ENGINEERING KANKAVLI
B.E IN COMPUTER ENGINEERING - CGPA: 8.00

JUL 2023

GOVERNMENT POLYTECHNIC MALVAN
DIPLOMA IN COMPUTER ENGINEERING - PERCENTAGE: 77

AUG 2020
