Education

Ramrao Adik Institute of Technology, D. Y. Patil Deemed to be University <i>B.Tech in Electronics and Telecommunication Engineering (Major:Artificial Intelligence), CGPA: 8.8/10</i>	July 2021 – Present <i>Navi Mumbai, India</i>
St.Xavier's College <i>12th Grade, Percentage: 88%</i>	July 2019 – March 2021 <i>Fort, Mumbai</i>
Holy Cross High School <i>10th Grade, Percentage: 87%</i>	Jun 2006 – March 2019 <i>Lower Parel, Mumbai</i>

Experience

SymX Infosolutions Pvt. Ltd. <i>Management Trainee Intern</i>	Jan 2025 - April 2025 <i>Mumbai, India</i>
- Assisted in optimizing daily business processes, coordinating management activities, and enhancing workflow efficiency. - Contributed in BCP initiatives, identified business requirements, and supported data-driven decision-making.	

Projects

Classification of Unexploded Explosives using DEiT model Python	November 2024
- Developed a deep learning model using DEiT (Data-efficient Image Transformer) to enhance image processing and classification of unexploded explosives (UXOs). - The model was designed to identify and differentiate multiple UXO types, achieving an accuracy of 98.71 percent.	
Voice-Activated Assistant Python	April 2024
- Designed to create a virtual assistant capable of interacting with users through voice commands. - The assistant utilizes speech recognition and synthesis libraries to understand user input and provide appropriate responses.	
Indian Sign Language to Text Converter Python, Fuzzy search API	November 2023
Integrates a palm detection model to accurately recognize and translate gestures into text, leveraging machine learning models trained on alphabets and numbers, supplemented by metadata from YouTube for enhanced performance and scalability.	
Sound Equalizer Matlab	April 2023
- Designed and developed a Sound Equalizer using Matlab and its toolbox. - It was made in a way that user could customize according to his/her interest and also showed a graph wherein a proper change in the applied pre-sets or customized range would be seen.	
Three Phase Line Fault Detector Arduino UNO	November 2022
- Designed circuit using Arduino UNO, ULN2003 to detect the fault in the transmission line of the Power System. - By analyzing the voltage and current signals from each phase, the system can detect abnormalities and trigger appropriate responses to ensure the reliability and safety of the power distribution system.	

Technical Skills & Certifications

Languages: Python, Java, C, C++
Frameworks:Power BI, Excel, Powerpoint PPT, Figma, Cisco Packet Tracer, Canva.
Technologies:AI, ML, Deep Learning, Power BI, SQL, Cisco Packet Tracer, Data Visualization

McKinsey & Company : McKinsey Forward Program
Harvard Business School: Business Analytics Certificate
CCNA: Course Certificates
Cybersecurity: Course Certificates
AI ML: Winter Internship Certificate
IIHT: Java Course Certificate

Leadership

Google Developer Students Club - RAIT <i>Operations Lead</i>	July 2023 – June 2024 <i>Navi Mumbai, India</i>
- Managed and coordinated all activities of GDSC-RAIT throughout the year, ensuring smooth execution and engagement. - Collaborated with all domains of GDSC and ensured smooth communication and workflow within the community.	
WALL - RAIT <i>Design Head</i>	July 2023 – June 2024 <i>Navi Mumbai, India</i>
- Designed all posts and other necessary materials using Canva, Figma and AI tools. - Created visually engaging content to promote events and activities, ensuring consistency with the committee.	
Google Developer Students Club - RAIT <i>Creativity Co-lead and Event Head</i>	August 2022-June 2023 <i>Navi Mumbai, India</i>
- Directed all creative and design efforts for GDSC-RAIT, using various tools to create visually engaging materials. - Served as Event Head for the GDSC TechFest, successfully organizing and executing a major event.	

Extracurricular

Unstop Creative Hackathon <i>Created a dynamic PowerPoint presentation based on the given topic, organized by JIO Creative Labs.</i>	Jan-Feb 2024 <i>Mumbai</i>
Association of Indian Universities (AIU) <i>Represented the university in Indian folk dance at a national-level event.</i>	January 2024 <i>Nagpur, Maharashtra</i>

Hobbies

Business and Tech Strategy, Designing, Drawing, Dancing, Organizing Things
