SUMMARY

Enthusiastic and detail-oriented B.Sc. Computer Science student with a solid foundation in software development, programming, and problem-solving. Eager to explore new technologies and develop efficient, high-quality applications. Seeking an entry-level role to apply my technical skills, grow professionally, and contribute to innovative software solutions.

PROJECT

GYM Management System

- Developed a full-stack Gym Management System using PHP, MySQL, JavaScript, and HTML/CSS with role-based access, billing, reports, and supplement store features.

Healthcare Chatbot

- Created a chatbot for healthcare-related queries, improving accessibility for users seeking basic medical advice

Library Management System Website

- Designed and implemented a web-based system to manage library operations using HTML, CSS, and MySQL.
-
