"Aspiring Data Analyst with 3 years of experience in abroad education consulting and a strong grasp on SQL, Python, and data visualization."

Education

Bachelors of Technology | 2018-2022

Mechanical Engineering, 7.6 GPA

Madhav Institute of Technology and Science, Gwalior

Skills

Technical – SQL | Python | Statistics | ETL | Data Visualization

Tools – Pandas | NumPy | Matplotlib | Seaborn | MS SQL Server | Jupyter Notebook | Git | Excel

Projects

Retail Sales Analysis

Objective:

Analyzed retail order data to identify top-selling products, category trends, and monthly sales growth.

Tools: Python (Pandas), SQL Server, SQLAlchemy, Jupyter Notebook

Key Contributions:

- Cleaned and transformed data using Pandas (handled nulls, derived profit, sale price).
- Loaded data into SQL Server and performed analysis using SQL queries.
- Identified revenue trends, YoY sales comparison, and category-wise growth.

Spotify Music Analytics

Objective:

Analyzed Spotify music data to uncover insights on track popularity, user engagement, and content trends.

Tools: SQL Server (SSMS)

Highlights:

- Loaded and cleaned Spotify data; handled nulls and binary values with proper schema setup.
- Performed 15+ queries covering basic (filters, counts), intermediate (aggregations, joins), and advanced (CTEs, window functions) SQL.
- Identified top tracks per artist, platform-wise stream comparison, and trends like energy-liveness ratio and cumulative likes.

Experience

Student Advisor, Assistant Team lead – Admitkard | Jan 2024 – May 2025

- Led end-to-end student lifecycle support from initial outreach to visa, loan, and accommodation finalization.
- Conducted marketing fairs and leveraged data insights to optimize lead conversion and campaign strategy.
- Delivered weekly knowledge transfer sessions (KTS) to interns and new hires, improving onboarding efficiency.
- Reported KPIs monthly to senior leadership, aiding data-driven decisions and process improvement.

Student Engagement Associate - AECC Global, Delhi | Apr 2023 – Sep 2023

- Delivered student counseling and support across calls, emails, and chats.
- Conducted education fairs and successfully converted leads.
- Maintained CRM accuracy and supported outbound engagement.
- Participated in training to boost process and product knowledge.

Process Expert – Admitkard, Noida, UP | June 2022 – April 2023

- Guided students on complete abroad education lifecycle: university selection, documentation, loan and visa processing.
- Collaborated with marketing to improve lead quality and conversion rate.
- Handled walk-in queries and provided one-on-one counseling.
- Represented the company during sessions with international university partners; conducted internal training post sessions.
