👤 SUMMARY

Fresher Business Analyst with expertise in driving change and transformation projects within financial services. Skilled in stakeholder management, Agile methodologies, and delivering data-driven solutions that align with strategic objectives. Adept at bridging business and technology teams to ensure on-time, in-budget project delivery.

🏢 EXPERIENCE

Business Analyst Intern

Maxgen Technologies Pvt. Ltd.

📅 Oct – 2024 - March – 2025 📍 Kharadi, Pune

- Acted as a liaison between business stakeholders and development teams to ensure technical solutions aligned with business goals and requirements.
- Utilized SQL and other tools to extract, clean, and analyse data, generating insights to support system enhancements and business decisions.
- Created functional specifications, user stories, and process flow diagrams to support the development and implementation of technical solutions.

👥 PROJECTS

Customer Behaviour Analysis - [Power BI](#) | [MySQL](#) | [Link](#)

- Tracked and analysed customer purchasing behaviour for Ecommerce store using MySQL and Power BI, contributing to key project KPIs and executive dashboards.
- Supported project governance by preparing regular project status reports, tracking action items, and coordinating with stakeholders on project milestones.
- Collaborated with product owners to translate business needs into detailed user stories and participated in agile ceremonies to support backlog refinement and sprint execution.

Online Table Booking System for Restaurants

- Gathered and documented business requirements for a customer app to reserve tables for lunch and dinner.
- Created user stories and collaborated with developers to ensure alignment between business needs and technical implementation.
- Participated in User Acceptance Testing (UAT) by preparing test cases and coordinating issue resolution.
