EDUCATION

SRM University AP

2021-2025

Computer Science and Engineering

8.84

- *Relevant Coursework:* Data Structures, Algorithms, OOPs, Networking

PROJECTS

SRM University AP Chatbot

Python — LLM — Git — GitHub (GitHub)

- Developed a locally-hosted question-answering system for university information using web scraping, HuggingFace embeddings, and a quantized LLaMA model.
- Implemented a vector search system with FAISS database for retrieving relevant context and designed an interface with data verification and refresh capabilities

Feature-Rich Pokédex Web App

Next.js 14 — TypeScript — Tailwind CSS — Framer Motion — PokeAPI — Git — GitHub — Vercel (GitHub) (Live Site)

- Developed a full-featured Pokédex application using Next.js, TypeScript, and Tailwind CSS with a responsive, mobile-friendly UI.
- Integrated PokéAPI to enable Pokémon search, detailed stats view, team building, battle simulation, and achievement tracking.
- Optimized performance with pagination, lazy loading, and enhanced user experience via animations (Framer Motion) and UI polish.

Code Bloom

React.js — Vite — Tailwind CSS — Vercel — JavaScript (GitHub) (Live Site)

- Developed a comprehensive web application for system design and DSA education with interactive problem-solving modules.
- Implemented responsive UI/UX design and client-side routing for seamless user navigation.
- Created detailed educational content, including multi-language code implementations and algorithm explanations.

EXPERIENCE

Andhra Pradesh State Skill Development Corporation

Jun 2023 - Aug 2023

Data Analyst Intern

Remote

- Performed comprehensive data analysis to support business intelligence initiatives by executing data cleaning, visualization, and interpretation.
- Improved stakeholder understanding and cross-functional decision-making by delivering actionable insights through clear, data-driven reporting.

SKILLS

Languages: C++, Python, Java, Bash, MySQL, JavaScript, TypeScript

Frameworks: React.js

Tools: Git, GitHub, Gitlab CI

Professional: AWS IAM, AWS EBS, AWS ELB, AWS EC2

CERTIFICATIONS & ACHIEVEMENTS

- Multi AI Agent Systems with crewAI, certified by CrewAI
- Secured a rank of 2500 in EAMCET and 95 percentile in JEE MAIN
- Contributed as a member of an environmental club
- Postman API Fundamentals Student Expert
- AWS SimuLearn: Cloud Computing Essentials
- AWS Educate Member
- AWS Solutions Architecture Job Simulation
