Education

Indian Institute of Technology Roorkee

Bachelor of Technology (Metallurgical and Materials Engineering)

Aug 2021 - May 2025

Roorkee, Uttarakhand

Experience

Ybi Foundation

June – July 2024

Business Analytics Internship

Remote

- Conducted root cause analysis of sales operations; identified 18% revenue leakage.
- Developed a Random Forest-based fraud detection model (99% accuracy, 97% recall, F1 = 0.94).
- Automated detection system led to improved transaction security and reduced financial loss.

NullClass

Aug – Sep 2024

Data Analytics Internship

Remote

- Queried and analyzed SQL sales datasets to uncover a 20% drop due to stockouts in key zones.
- Created Power BI dashboards showcasing regional trends, revenue KPIs, and customer insights.
- Enabled sales team to implement data-driven inventory strategies, boosting conversion by 12%.

Projects

T20 World Cup Sports Analytics (Web Scraping, Python, Pandas, Power BI)

Nov - Dec 2024

- Scraped and structured 300+ player profiles using Python and Bright Data proxy for ESPN stats.
- Cleaned and modeled player performance data in Pandas; visualized using Power BI dashboards.
- Formulated an optimized best-fit Playing XI using match analytics to align with a low-score defense strategy under 150 runs

Pharma Employee Retention Insights and Prediction (Python, ML, EDA, Statistics)

June - July 2024

- Performed EDA on HR datasets to identify key churn drivers including age, income, and work-life balance.
- Trained a Random Forest model with 83% accuracy to classify high-risk employees.
- Suggested HR strategies like wellness programs and revised pay structures, projecting a 15% cut in hiring costs.

US Car Accidents EDA (Python, Pandas, Matplotlib)

Sept - Oct 2024

- Processed and enriched 7.7M+ U.S. accident records with real-time weather and traffic API data across 49 states.
- Uncovered critical accident patterns by time, location, and weather—highlighting peak hours and city-level
- Delivered data-driven insights and visual dashboards to aid traffic management, urban planning, and public safety decisions.

Technical Skills

Data Skills : Python, SQL, Advanced Excel, Power BI

Libraries/Tools: Pandas, NumPy, Matplotlib, scikit-learn.

Analytics Skills: Data Cleaning, EDA, Feature Engineering, ML Modeling, KPI Dashboarding, Root Cause Analysis, Hypothesis Testing.

Certifications

Marketing Data Analysis & Data Analytics – Udemy : [View Certificate](#)

Python Programming - Udemy : [View Certificate](#)

Microsoft Excel Advanced Expert - Udemy : [View Certificate](#)

Leadership & Achievements

Academics: HOD's Appreciation Awards for Academic Session 2021-2022.

Gold Medalist in long jump at Udghosh'23, the annual sports meet at IIT Kanpur.

Gold Medalist in long jump at Sangram'24, the annual sports meet at IIT Roorkee.

Gold Medalist in Color Trophy 4x100m Relay at IIT Roorkee
