PROFESSIONAL SUMMARY

Detail-oriented and highly motivated Data Analyst with hands-on experience in SQL and Excel, skilled in cleaning and analyzing large datasets to extract actionable insights. Strong problem-solving abilities backed by 500+ solved problems on platforms like LeetCode and DataLemur.

EDUCATION

BTech in Computer Science and Engineering (IoT)

July 2021 - July 2025

Netaji Subhas University of Technology (NSUT)

CBSE (CLASS XII)

April 2020 - April 2021

Chand Ram Public School

CBSE (CLASS X)

April 2018 - April 2019

St. Francis Xavier School

PROJECTS

Zepto Sales & Inventory Data Analysis

July 2025 - July 2025

- **Performed data cleaning and completed** Zepto's online grocery dataset by using **VLOOKUP** in Excel to identify and manually recover missing records from key categories.
- Standardized currency columns and **added a primary key using SQL** to enhance indexing and **query performance**.
- Analyzed **stock availability** and pricing data using **SQL** to identify high-MRP out-of-stock items and low-discount premium products.
- Performed advanced category-level insights, including **revenue estimation**, discount percentage ranking, and weight-based product grouping.

Sales & Customer Data Analysis

June 2025 – June 2025

- Collected **50,000+ sales records** using SQL queries, resolving data inconsistencies and preparing datasets for business analysis.
- Developed **SQL code** for the top three shopping malls in terms of sales revenue which could aid decision-making for sales managers.
- Analyzed and provided valuable **insights into customer behavior and sales performance** of shopping malls in Istanbul.
- Identified **age and gender distribution** of customers who prefer different payment methods while shopping.

TECHNICAL SKILLS

Languages: C++, SQL

Tools: VS Code, Microsoft Excel, MYSQL Workbench

Database: MySQL

ACHIEVEMENTS AND EXTRACURRICULARS

- **SQL Proficiency:** Solved over **500+ questions on SQL** across platforms like LeetCode, Hacker rank, Datalemur etc
- **CyFuse EPOCH Hackathon** Competed at **IIIT Delhi's EPOCH Hackathon**, contributing to innovative technical solutions.

POSITION OF RESPONSIBILITY

- **Fine Arts & Leadership:** Contributed to CANVAS- Fine Arts Society (NSUT), collaborating on creative initiatives and community.
- **College Cricket Team:** Coordinated practice schedules, optimized team roles based on player performance metrics, and fostered team communication.
