EXPERIENCE

QA Automation Engineer Intern

Infosys

- 📅 Dec 2023 – March 2024 📍 Delhi
- Developed and implemented systematized test scripts using tools such as Selenium, TestNG and Java which increased test coverage and efficiency.
 - Automated manual tests for web/mobile applications, ensuring compliance with quality standards and reducing post-release bugs by a significant percentage.
 - Technologies Used: Selenium, Python, Cucumber, Appium, Jenkins, CI/CD

Full Stack Web Developer Intern

Celebal Technologies

- 📅 June 2023 – September 2023 📍 Jaipur
- Utilized modern technologies to develop a full-stack, robust and user-friendly educational platform with secure teacher and student authentication.
 - Implemented features that allowed teachers to upload videos and materials, improving student accessibility.
 - Enabled interactive student discussions through comments and dedicated topic threads.
 - Technologies Used: ReactJs, MongoDB, ExpressJs, NodeJs, TypeScript, Bootstrap.

EDUCATION

B. Tech in Information Technology

Manipal University Jaipur, Rajasthan

- 📅 CGPA-8.9 📍 MUJ-2021-2025

CBSE Senior Secondary Examination - Class XII

Mount Litera Zee School

- 📅 Percentage: 83% 📍 CBSE-2021

CBSE Higher Secondary Examination - Class X

St Mary's School Dwarka, New Delhi

- 📅 CGPA: 8/10 📍 CBSE-2019
