Internship and Projects

Data Analyst Intern at Unified Mentors (June 2024 - August 2024) (Certificate)

- Utilized Python scripting to perform data manipulation and preliminary analysis on various business datasets.
- Designed 10+ interactive data visualizations using Matplotlib and Seaborn to identify patterns and trends in business datasets.
- Built dynamic Power BI dashboards with slicers, parameters, and advanced visuals, improving report interactivity and business insight delivery for mock case studies.

Analysis of Subscription-Based Businesses: A Netflix Case Study | Python, Power BI | Github

- Analyzed a 2,500-user dataset to identify key drivers of customer churn, revealing low engagement as the primary cause.
- Utilized Exploratory Data Analysis (EDA) and data visualization techniques to uncover actionable insights, such as a 66.96% churn rate and a strong correlation between customer tenure and loyalty.
- Formulated data-driven business recommendations, including personalized content suggestions and optimized pricing models, projected to enhance customer retention and increase revenue.

Deloitte Data Analytics Job Simulation on Forage | Tableau, MS Excel(Certificate)

- Completed a Deloitte job simulation involving data analysis and forensic technology
- Created a data dashboards using Tableau and used Excel to classify data and draw business conclusions.

Financial Data Analysis | Python, Power BI, Excel | Github

- Analyzed financial data for 500+ companies to identify patterns in revenue, profitability, and market capitalization.
- Developed Power BI dashboards to visualize financial KPIs, enabling faster benchmarking across sectors.
- Used Python for data aggregation and Excel for ratio analysis (ROE, ROA, P/E).

Courses & Certificates

- Python for Data Science - IBM (2024)
- SQL and Relational Database - IBM (2024)
- Data Visualization with Cognos - IBM (2024)
- MS Excel - Udemy (2022)
- Microsoft Power BI Desktop for Business Intelligence - Udemy (2025)

Positions of Responsibility

Core Team Member, Chandigarh University: Event Coordinator for IBM-sponsored event.
