WORK EXPERIENCE.

Market Research Analyst | Schiedel | Working on Project | Remote | Jul 2024 - Present | Newcastle, UK

- Delivered market entry strategy outlining how Schiedel could make targeted investments to capture £400K+ in new regional opportunities based on competitor analysis and trend data
- Designed and ran customer survey (100+ responses) to uncover feature gaps and inform pricing and positioning strategy.
- Built and maintained 5 Power BI dashboards to track competitor moves, reducing report turnaround time by 30%
- Presented findings that influenced leadership's go/no-go investment decisions and GTM priorities.

Business Analyst Intern | Samarpak Corrugated Private Limited | Oct 2022 - Apr 2023 | Pune, India

- Tracked over 20 orders and production jobs at the same time using Trello to help the sales and factory teams meet delivery dates
- Collected and added 500+ new customer leads into the CRM, supporting a 22% rise in revenue by helping sales target better prospects
- Created and shared weekly Excel sheets so managers could see order status and sales progress
- Set up weekly team meetings, prepared notes and materials so everyone knew what needed to be done next
- Wrote simple guides explaining new steps in the sales and delivery process, which helped train new staff 15% faster
- Helped fix repeat delivery mistakes by sharing customer complaints directly with the production team

Sales Analyst Intern | Mandatory Trendz | May 2020 - Jul 2020 | Remote | India

- Mapped over 200 customer touchpoints to identify drop-off stages, informing changes that improved lead conversion by 8%
- Built Excel tracking tools to monitor lead pipeline across channels, increasing visibility for sales managers
- Partnered with compliance & marketing to ensure campaigns met data privacy requirements, reducing rework
