Summary

B.Tech Computer Engineering graduate from NIT Kurukshetra with experience in frontend development and data analytics. Proficient in Python, SQL, Power BI, and data visualization. Seeking a Data Analyst role to drive insight-led decision-making through hands-on work in modeling, dashboards, and chat analysis.

Education

National Institute of Technology, Kurukshetra — B.Tech. in Computer Engineering

Dec 2021 – July 2025 | CGPA: 7.46

Police DAV Public School, Ambala (CBSE)

12th: 95.6% (2019–2020) | 10th: 90.4% (2017–2018)

Experience

Software Engineer Intern — TMRW House of Brands, Bengaluru

Jan 2025 – July 2025

- Collaborated in the Product & Tech team to implement growth-driven features for top fashion brands.
- Used A/B testing and GTM to validate hypotheses and improve funnel conversions by up to 16%.
- Contributed to cart optimization and checkout analytics with a measurable 4–6% uplift in conversions.

Web Developer Intern — SUV Associates Pvt Ltd, Gurgaon (Remote)

Jan 2024 – June 2024

- Led custom WordPress solutions improving performance and scalability, increasing engagement by 30%.
 - Worked with cross-functional teams to understand client needs and translated them into technical deliverables.
-

Projects

SmartMRP – Material Forecasting System

- Built a Python model for predicting material requirements in a production environment with 95% accuracy.
- Used Pandas, Excel, and Jupyter Notebook to clean data and visualize demand patterns.

WhatsApp Chat Analyzer App

- Developed and deployed a Streamlit-based app to analyze chat data: emoji usage, active hours, word clouds.
- Applied text cleaning, regex, and data visualizations using Pandas and Matplotlib.

Student Marks Predictor

- Created a predictive model using Linear Regression and Decision Trees achieving 92% R^2 score.
 - Developed a complete data pipeline for cleaning, transforming, and training with Scikit-learn and XGBoost.
-

Skills & Tools

Programming: Python, SQL, JavaScript, TypeScript, C++, HTML/CSS

Data Tools: Power BI, Excel, Streamlit, Jupyter Notebook, Google Colab

Libraries: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, XGBoost

Other: A/B Testing, GTM, GrowthBook, Git, WordPress, Shopify

Achievements & Leadership

- Solved 600+ DSA problems on LeetCode and GFG
- 8 open-source PRs merged via HacktoberFest (2021, 2023)
- Led content and stage management for college cultural fest
- Volunteered with Shiksha Society mentoring underprivileged students
- 4 years of state-level experience in Boxing during school.
