

TUSHAR GUPTA

Gurugram, Haryana/ India | 9023630966 | tguptab503@gmail.com | www.linkedin.com/in/tushar-gupta-304938290

SUMMARY*

Skilled in Python, SQL, and Tableau, with a strong foundation in developing data-driven applications and solutions. Excellent collaborator, committed to leveraging modern technologies to deliver quality results and drive project success

TECHNICAL SKILLS:

- **Languages** - Python, C, SQL
- **Data Analysis and Visualization**- Excel, Tableau
- **Tools**- Pycharm, Visual Studio Code
- **Others**- SQL for querying and data manipulation

PROFESSIONAL EXPERIENCE

Wattmonk Technologies

Gurugram, Haryana

Technical Associate

April 2024-Present

- Conducted **1,000+** solar evaluations, analyzing sunlight exposure, roof structure, shading, and electrical infrastructure to determine system feasibility
- Utilized Southwire tools and multimeters to perform voltage drop and current measurements, ensuring accurate system sizing and code compliance
- Performed load analysis using Excel, improving sizing accuracy by **15–20%** and supporting optimized panel configurations
- Identified site issues early, reducing **design revisions by 30%** and speeding up project timelines
- Ensured compliance with **NEC codes** and local authority rules; coordinated accurate data transfer to **design and permitting teams**

PROJECTS

Projection System for Animal Intrusion And Weed Infestation

Jun 2023 – Nov 2023

- Led a project focused on developing a farm management application incorporating weed detection through RGB image conversion using Python
- Utilized cameras for image capture and ultrasonic sound sensors for real-time animal presence detection in agricultural fields
- Applied data analysis techniques to improve accuracy in detecting animal intrusions and weed infestation patterns

COVID-19 Data Visualization

Aug 2022 – Nov 2022

- Performed detailed data analysis on COVID-19 datasets to identify trends and insights using Python
- Created interactive visualizations such as charts and dashboards using Tableau, transforming raw data into actionable insights for decision-maker

CERTIFICATIONS

- SQL for Data Analysis -Udemy
- Data Visualization with Tableau-Udemy
- Excel for Data Management-Udemy

POSITION OF RESPONSIBILITIES

Econ Society

- Led the team in organizing academic and cultural events related to data analysis and business strategy.
- Secured sponsorships to support events and drive engagement.

EDUCATION

- **Thapar Institute Of Engineering and Technology ,Patiala (2020-2024)**
Btech in Electronics and Communication
- **Simigo International School (XII),Abohar(2018-2020)**
CBSE board Percentage 82%
- **Assumption Convent School (X),Abohar (2018)**
ICSE board Percentage 86%
