

Utkarsh Sale

M : 7030198620 — E : utkarshsale07@gmail.com
L : Balaji Boys Hostel in Narhe, Pune 411041

EDUCATION

BE Computer Engineering

Sinhgad Institute of Technology & Science, Pune
Current CGPA: 7.25

HSC

New Arts Commerce & Science College, Ahmednagar
Percentage: 81.00%

SSC

Z.P.S.H Loni (S.)
Percentage: 79.80%

PROJECTS

SMS Spam Detector

- Developed a web application for detecting SMSs as spam or non-spam.
- Performed data cleaning, preprocessing, and EDA on textual data, including tokenization, stop-word removal, and stemming to improve model performance.
- Utilized various Machine Learning algorithms and identified Naive Bayes as best model, achieving 97% accuracy.

WhatsApp Chat Analyser

- Developed a comprehensive WhatsApp Chat Analyser tool using Python for data preprocessing, analysis, and visualization.
- Utilized Python libraries: Matplotlib, Seaborn, Pandas, and Streamlit to create data frames, plot graphs, and develop an interactive web app.
- Conducted analysis on WhatsApp communication patterns: sentiment, active users, emoji usage, and chat trends.

Natural Language Database Interaction using LLM

- Developed a Natural Language Database Interaction system for a t-shirt selling store using LangChain, LLM, and Hugging Face.
- Fine-tuned the model with few-shot learning to enable SQL query generation and precise data retrieval from MySQL.
- Built a simple UI using Streamlit for easy interaction.

SKILLS

Data Analysis — Data Visualization — Data Science — Machine Learning

Analytical Tools: Power BI, Excel

Database: MySQL

Programming Languages & Libraries: Python (Pandas, NumPy, Matplotlib, sklearn), SQL, Html , CSS, JavaScript, Java
