

# Vedant Andhale

Data Analyst | Data Storyteller

## Tools change. Principles don't.

mr.vedantandhale@gmail.com | +917972910831 | Maharashtra, India | [www.linkedin.com/in/VedantAndhale](https://www.linkedin.com/in/VedantAndhale)

### Summary

Data analyst with strong SQL-Python grounding and hands-on ML deployment experience. Proven in data warehousing, ETL automation, and interactive BI dashboards that drive revenue growth and operational efficiency.

### Skills

- **Programming Language:** SQL (T-SQL), Python (NumPy, Pandas, Matplotlib, Seaborn)
- **Data Tools & Technologies:** Azure SQL, Power BI, Excel, SQL Server, Git
- **Coursework:** Data Structures, Object-Oriented Programming, Statistics, Database Management System, Cloud Computing, Data Modeling & Visualization, Business Intelligence
- **Soft Skills:** Analytical Thinking, Problem Solving, Stakeholder Communication, Collaboration

### Projects

#### Sales Data Analysis (SQL Server)

- Analyzed multi-region sales data to identify top-performing categories and markets, driving a 36% increase in notebook SKUs and 73% growth in FY2021 retail sales.

#### Hotel Booking Data Analysis (Excel)

- Cleaned and analyzed booking data to uncover a 72.34% weekend vs. 50.88% weekday occupancy split, helping hotels optimize staffing during peak periods.

#### Revenue & Customer Ageing Analysis Dashboard (Power BI)

- Built a dashboard to track 2.56M in revenue and 1.2M in dues across ageing buckets, visualizing profit, payments, and regional performance.

#### End-to-End Data Lifecycle from Data Warehouse, Analysis & Reporting

- Designed an automated SQL data warehouse (star/snowflake), integrated cross-functional datasets, and used EDA/trend analysis to drive unified, actionable business insights and reduce manual processing time.

### Education

#### B.E. Artificial Intelligence & Data Science

Sandip Institute of Technology & Research Centre, Maharashtra

July 2021 – July 2025

CGPA: 7.75

### Experience

#### Conference Volunteer (ICETCI)

January 2025 – February 2025

International Conference on Emerging Technologies and Computing Innovations organized by MG Aricent Educational Foundation

- Streamlined session coordination and managed paper-submission and attendee data to perfect scheduling and enhance engagement for a two-day hybrid conference of global researchers.

#### Project Engineer (Academic Role)

August 2024 – May 2025

- Led end-to-end coding of a ResNet-9 with attention model (98% accuracy, 8,564 images); containerized FastAPI services for WhatsApp bot, sustaining less than 4s inference and 99.5% uptime.
- Automated ETL (cut prep time 60%) and Lead team, raising code-review pass rate from 78% to 93%.

### Certifications

- **Microsoft Certified:** Azure AI Fundamentals (**Credential ID:** 4DCAEA902ADE0CA6) - [Verify](#)
- **Microsoft Certified:** Azure Data Fundamentals (**Credential ID:** A320C7F499D9F9F) - [Verify](#)
- **Microsoft Certified:** Azure Fundamentals (**Credential ID:** 225357A9EB083C06) - [Verify](#)
- **GitHub Certified:** GitHub Foundations (**Credential ID:** FpuiENy9) - [Verify](#)
- **Google Data Analytics Professional Certificate** (**Credential ID:** YUV4LGRW72FD) - [Verify](#)
