

SUMMARY

- Detail-oriented and motivated fresher with skills in data analysis, problem-solving, and excellent communication.
- Proficient in tools like SQL, Excel, and Data Analytics software. Eager to apply my knowledge and skills in an Analyst role to contribute to delivering insights and driving business growth.

TECHNICAL SKILLS

Database: SQL
Spreadsheet: Excel
Language: Python

INTERNSHIP

BEL (Bharath Electronics Limited)

August 2023 – September 2023

- The main receiving station (MRS) at BEL serves as a critical hub for the reception and distribution of electrical power within network.
- The main receiving station at BEL is a vital component of the electrical power distribution network, serving as the primary interface for receiving power from external sources such as power plants or transmission lines.
- I focused on single line diagram of 11KV MRS and 66KV MRS, key features of MRS, types of circuit breaker and relays and solar plants.

EDUCATION

Bachelor of Engineering (Electrical Electronics Engineering) BNM Institute of Technology CGPA – 7.82 (72%) 12 th Narayana PU College 72%	Bangalore-India 2020-2024 Bangalore-India 2019-2020
--	--

CERTIFICATIONS

Hardware and Networking - Vtech

PROJECTS

Accident Detection and Alert System |Arduino UNO,Java

March 2023 – July 2023

- The main objective is to control accidents by sending messages to the registered mobile, hospital and police station using wireless communication technique.
- Avoiding casualties caused by road accidents is the main goal, with the help of accelerometers and GPS present in mobile phones.
- Reduced accident response time by 30% through the Accident Detection and Alert System.

On-Board Vehicle Diagnostics System Using IOT |Arduino UNO,Java

Nov 2023 – May 2024

- This OBD prototype comprises a microcontroller circuit board in which the program is written and sensor, LED acting as the client interfaces.
- Improved vehicle monitoring efficiency by integrating IoT sensors in the On-Board Vehicle Diagnostics System.

ACHIEVEMENTS

National Level Athlete 200m(2019) - All India 3rd Place
Overall Sportsmanship(2018) - State Level 1st Place in 100m,200m,Relay and Football

STRENGTHS

- Analytical Skills

Strong problem and analytical skills
- Communication Skills

Effective communication of data insights

INTEREST

Enjoy outdoor activities and team sports.
