Career Objective

To obtain a good position in an organization where I can utilize my knowledge and experience to contribute to the success of the company.

Education

BE in Computer Science and Engineering , VTU Rural Engineering College, Hulkoti	2020 – 2024
• GPA: 7.88/10	
Pre - University , SMT Vidya P Hanchinmani PU Science College, Dharwad	2018 – 2020
• Per - 81	
SSLC , Sri Rajeshwari Vidyaniketan, Hulkoti	2008 – 2018
• Per - 84	

Experience

Intern , SRC Infra Developers Private Limited	MAR 2025 - Present
• Analyzed daily data of 1,000+ vehicles using Power BI and Advanced Excel for performance tracking.	
• Generated monthly reports on fuel usage, hours worked, and distance covered for fleet efficiency.	
• Reported insights to management, enabling data-driven decisions and issue resolution.	

Projects

Web Scraping of Naukri.com	github.com/Web Scraping
Implemented a web scraping solution using Python, Selenium, and BeautifulSoup to extract job roles, salaries, locations, and apply links from Naukri.com, and automated data export to Excel for structured analysis.	
Lip reading using Deep Learning	
Developed a deep learning-based LIP reading model leveraging ANN, CNN, and RNN architectures to accurately predict spoken text from silent video inputs, enhancing speech recognition capabilities using computer vision and sequential modeling techniques.	
Blinkit Sales Analysis	
Analyzed multi-outlet sales data of Blinkit using Power BI and MS Excel by performing data cleaning, transformation. Designed an interactive sales dashboard using Power BI and Excel by cleaning, transforming, and analyzing multi-outlet data, enabling KPI-driven insights and performance monitoring.	
Password Strength Checker	
Analyzed password dataset based on factors. Strength, length, characters, special symbols, digits are analyzed using graphs using pandas and matplotlib.	

Skills

Languages: Python, Java, HTML, CSS, JavaScript

Libraries: Pandas, Matplotlib, Opencv

Databases: MySQL, Oracle 11g

Frameworks: PowerBi, Vs-Code, Advanced MS-Excel, SAP ERP, SAP PM

Soft Skills: Effective Communication (Verbal and Written), Good Presentation, Adaptable and Collaborative
