PROFESSIONAL SUMMARY

- A dedicated Data Analyst with a strong foundation in Data Science and Analytics, acquired through a comprehensive Post-Graduation Program at Imarticus Learning. Accomplished a Master of Business Administration (MBA) to complement my analytical skills. Detail-oriented Analyst with hands-on experience in SQL, Excel automation, dashboard creation, and cross-functional collaboration. Proficient in onboarding support, interpreting business logic, and translating operational requirements into data workflows. Strong background in stakeholder communication, SaaS environments, and customer-facing analytics.

ACADEMIC PROFILE

- | | | |
|------|---|-----------------|
| 2024 | Imarticus Learning (PG Diploma 1Y'+ Internship 6M')
<ul style="list-style-type: none">Post-Graduation Diploma in Data Science and Machine Learning. | Delhi, India |
| 2021 | Universal Business School
<ul style="list-style-type: none">Master of Business Administration (MBA) in Marketing and IT. | Mumbai, India |
| 2020 | University of Economics (Integrated with UBS)
<ul style="list-style-type: none">MBA in International Business. | Varna, Bulgaria |
| 2018 | GLA University
<ul style="list-style-type: none">B.com Honours in Statistics and Accounts. | Mathura, India |

PROJECTS

Title & Description	Predicting Consumer Purchase Behavior. Developed a different ML models to predict consumer buying behavior on the basis of different features of past patterns and historical data.
Responsibilities	*Queried and managed large datasets to extract relevant features using pandas. *Performed EDA to identify key features influencing purchase decisions. *Implemented and tuned classification models (Logistic Regression, Random Forest, Decision Tree, XG Boost) using Scikit-Learn. *Visualized model performance using Matplotlib and Seaborn.
Results & Technologies	Python, Scikit-Learn, SQL, Pandas, Matplotlib. Achieved an accuracy of 78% and a precision score of 0.75, enabling the companies to proactively manage products categories, discounts and improve loyalty program.

Title & Description	Predicting Hotel Reservation Cancellations. Developed a machine learning model to predict hotel booking cancellations using historical data.
Responsibilities	*Cleaned and pre-processed large datasets using Pandas. *Performed exploratory data analysis (EDA) to identify key features influencing cancellations. *Implemented and tuned classification models (Logistic Regression, Random Forest) using Scikit-Learn. *Queried and managed datasets in SQL to extract relevant features.
Results & Technologies	Python, Scikit-Learn, SQL, Pandas, Matplotlib. Achieved an accuracy of 85% and a precision score of 0.82, enabling the hotel management to proactively manage overbookings and improve resource allocation.

Title	Exploratory Data Analysis on Pizza Sales
Objective	To Analyze the trends and pattern in Pizza Sales using BI Tools (Tableau & Power BI) and Sequel.
Action Taken	Queried and managed Data to extract relevant features, created interactive BI Dashboard & visualize sales performance and customer behaviour.

CAREER ABRIDGEMENT

Designation: **Data Analyst Trainee**
Company: **Imarticus Learning – Internship Program** (2025 Jan – 2025 Jun)
Roles & Responsibilities:

- Conducted **hypothesis testing and A/B experiments** to analyze marketing campaign effectiveness and customer behavior patterns.
- Used **SQL (MySQL/PostgreSQL)** complex queries, stored procedure and **Python (Pandas, Scikit-learn, Seaborn)** to extract, clean, and analyze large datasets, ensuring high-quality inputs for model development.
- Developed **predictive models** (Logistic Regression, Random Forest, XGBOOST) to estimate purchase likelihood and campaign lift.
- Created **interactive dashboards** in Advance Excel, Power BI and Tableau to visualize incremental impact, KPIs, and marketing performance.
- Applied **statistical techniques** (descriptive stats, confidence intervals, precision/recall metrics) to draw actionable insights.
- Collaborated with business stakeholders to **translate marketing questions into testable hypotheses**, accelerating data-backed decision-making.
- Collaborated on client-focused analytics projects and supported delivery teams with data-driven presentations.

Designation: **Key Account Manager**
Company: **Cogoport Pvt. Ltd.** (2023 Jun – 2023 Oct)
Roles & Responsibilities:

- Optimized data-driven logistics operations using Advance Excel.
- Providing Global Trade Platform for World Wide Customers.
- Developed structured reports for SCM, improving efficiency.
- Automated recurring data tasks, reducing manual workload.
- Cross-functional collaboration, especially between technical and business teams.

Designation: **Senior Business Developer**
Company: **Learning Routes Pvt. Ltd.** Gurugram, HR (2022 July – 2023 June)
Roles & Responsibilities:

- Created business reports and dashboards for tracking sales performance.
- Conducted data analysis on **customer trends and market insights** to optimize B2B and B2C strategies.
- Customer relationship with existing clients and bringing in new business.

Designation: **Asst. Sales Manager**
Company: **Property Pistol Pvt. Ltd.** Noida, UP (2021 May – 2022 May)
Roles & Responsibilities:

- Account Manager of 'A' Grade Builders (Godrej, TATA, Bhutani, ATS, Eldeco, Gulshan). Closed 3 Big Deals costing '11' Crores of Godrej Woods.
- Structured the marketing strategies and was handling their execution.

CORE COMPETENCIES

- **Data Science Tools:** SQL, Python (Pandas, NumPy, Scikit-learn), R (basic exposure), Power BI, Tableau.
- **Experiment Design:** A/B Testing, Hypothesis Testing, Confidence Intervals, Incrementality Measurement.
- **Marketing Analytics:** Campaign Impact Analysis, Customer Segmentation, Channel Performance Evaluation.
- **Statistical Analysis and Statistical Modelling:** Proficient in descriptive and inferential statistics, enhancing data-driven decision-making.
- **Forecast and track key metric, Dashboard upkeep and data reporting.**
- Worked with International clients ensuring user satisfaction and experience.
- **Soft Skills:** Business Storytelling, Cross-functional Collaboration, Marketing-Data Alignment.

SOFT & TECHNICAL SKILLS

- Business and Financial Reporting, Strong Communication and Team Collaboration.
- Project Management, Stakeholder Interactions & Strong analytical Reasoning.
- **Tech Skills:** Salesforce, Lead Squared and Ameyo, Nopaperforms, CRM Portal, Web Browser extensions.
