PROJECTS

Understanding Stock Market Fundamentals. As part of my college project, I undertook a 15-day on-the-job training internship where I gained foundational knowledge of stock market operations, including equity, indices, IPOs, and trading mechanisms. Understood the role of SEBI, brokers, and depositories in the Indian financial market. Observed live trading sessions and analyzed real-time stock price movements. Completed on-the-job training and created a report on stock market fundamentals.

CERTIFICATIONS

Google Data Analytics Professional Certificate. Completed the Google Data Analytics Certificate, gaining hands-on experience with data cleaning, analysis, and visualization using tools like Excel, SQL, and Tableau. Learned to interpret data, draw insights, and present findings through real-world case studies and business scenarios.

EXTRA-CURRICULAR ACTIVITIES

Actively participated in various school-level dance competitions, showcasing teamwork, creativity, and stage confidence.
