Professional Summary

Motivated Computer Science graduate with Honors in Data Science from SPPU and 1 year of experience in development and analytics. Skilled in Power BI, Python, and advanced data handling for building insightful dashboards and efficient solutions.

Technical Skills

- **Programming:** Python,
- **Data Visualization:** Power BI, Matplotlib, Seaborn
- **Libraries:** Numpy, Pandas
- **Database Management:** SQL, MS-SQL
- **Data Science:** Statistical analysis, Machine learning (basic), Data storytelling
- **Web Technologies:** HTML, CSS
- **Methodologies:** Agile

Education

Bachelor of Engineering in Computer Science

Savitribai Phule Pune University | 2019 – 2023 | CGPA: 8.51

Professional Experience

Software Developer – (Data Analyst, Python Developer)

The Baap Company, Sanagamner | Dec 2023 – Jan 2025

- Analyzed RMD RIP sales data and developed interactive Power BI dashboards to provide actionable insights for business decisions
- Contributed to the "Bulk Upload" module of the Simplify VMS project Retrieved data from an S3 bucket. Applied robust validation checks to ensure data accuracy.

Junior Software Engineer – (PowerBi, Python Developer)

Netwin Infosolutions, Nashik | June 2023 – Nov 2023

- Designed and maintained dynamic dashboards using Power BI and Python, enhancing decision-making processes.
- Collaborated with cross-functional teams to understand business needs and deliver customized solutions.

Key Projects

RM drips Dashboard: Developed Power BI dashboards for RMD RIP sales and built the Bulk Upload module of Simplify VMS using Python, Flask, S3, and MySQL with robust data validation.

Food Demand Forecasting: Developed an intelligent Flask-based system to detect restaurant trends by leading data preparation, managing the database, and building a user-friendly interface for local restaurant discovery.

Achievements

- Successfully implemented high-impact dashboards for strategic decision-making.

Leadership & Activities

Marketing and Sales Lead / Seven 11 Reality, Nasik

- Secured major clients and led a team of 5 to execute marketing strategies.
Nashik - Managed 50+ volunteers for event coordination.
