PERSONAL PROFILE

Founder, **Humans Of Bharat** and Co-founder of **mystrip**, a writer, a visionary leader and financial strategist with experience in building storytelling platforms and travel initiatives. A aspiring Data Scientist and 3rd year student at Manipal University Jaipur with knowledge in the field of data analysis, machine learning, and data visualization. Skilled in Python, Power BI and DBMS. Passionate about leveraging data-driven insights and emerging technologies to drive innovation in research and real-world applications.

KEY SKILLS

- Relevant Coursework and Lab: Database, Machine Learning, Data Mining and Warehousing lab, Statistics and Probability, Cloud Computing, Computer Network Lab
- Data Analysis Visualization: Pandas, NumPy, Matplotlib, Seaborn, Plotly
- Machine Learning: Supervised/ Unsupervised learning, Scikit-learn, SciPy, regression models, data preprocessing
- Signal Processing: IP Protocols, BER analysis, Hamming codes
- Programming Languages: Python, C, Java, SQL, HTML
- Database: MySQL, DBMS.
- Tools: GitHub, Jupyter Notebook, VSCode, Google Colab
- Database :MYSQL
- Good with canva (graphic design tool)

Education

DSE **Manipal University Jaipur**, Computer Science 2023-2027

- **Coursework:** DATA SCIENCE (Computer Architecture, Data Mining, Data Analytics , Digital Image Processing, Economics, Maths, etc.)

Experience

LITMUS, Senior Coordinator MUJ, Jaipur
June 2024 – April 2025

- Enhanced my writing ability and story and added creativity in poster design and coverage.

ACM SIGAI, Social Media Team Head MUJ, Jaipur
June 2024 – March 2025

- Developed and created social media strategies to engage audiences.
- Managed and grew online presence from 400 followers to 800 plus followers during my tenure of 7 months.

HUMANS OF BHARAT, Founder

- Building connections with social media influencers and start up founders.
- Enhancing my Content Writing skills and video editing skills.
- Managed and grew online presence from 0 reach to 400k reach in only one month.

<https://www.instagram.com/humansofbharat/>

MYSTRIP, Co Founder (not registered startup - but preincubated at AIC MUJ) <https://www.mystrip.in/>

- Building connections with travel agents and start up founders.
- Enhancing my team management and finance management skills(handling out-flow and inflow).

Certificates and achievements

MUJ MUN USG Certificate

Coursera Deep Learning Certificate

Coursera MATLAB IMAGE PROCESSING CERTIFICATE

Projects

Breast Cancer detection by ML

- Developed and implemented a machine learning model to detect breast cancer using a publicly available dataset (e.g., Wisconsin Breast Cancer Dataset).
- Applied and compared multiple classification algorithms including Support Vector Machine (SVM), Random Forest, and k-Nearest Neighbors (k-NN) to evaluate performance.
- Performed data preprocessing, feature selection, model training, and validation to achieve high prediction accuracy.
- Analyzed results using metrics such as accuracy, precision, recall, and confusion matrix to determine the most effective model.
