EDUCATION

Bundelkhand Institute of Engineering and Technology

Nov 2021 – June 2025

Bachelor of Technology in Information Technology (7.7)

Jhansi

EXPERIENCES

Cootz

Frontend Developer

Remote

- Built responsive, user-friendly web interfaces using HTML, CSS, JavaScript, and React in collaboration with cross-functional teams.
- Maintained high code quality and optimized performance while contributing to real-world application development in a fast-paced environment.

Physics Wallah

3-March-2025 – Present

Associate

Remote

- Built ETL workflows and dashboard trackers to monitor feedback data, enabling timely escalations and boosting customer satisfaction by 32.17% across 15+ centers.
- Analyzed academic tickets region-wise, boosting CSAT by 32% and cutting TAT by 23 days through data-driven process improvements.

PROJECTS

Learning Management System | *HTML, CSS, Javascript, React Js* | [Deploy](#) [Github](#)

- Built LMS frontend using React.js with features for course management and user interaction.
- Integrated RESTful APIs for user data, content, and progress tracking.

Book Recommendation System | *Python, Pandas, NumPy, Flask, Jupyter Notebook, and Matplotlib*. | [Deploy](#) [Github](#)

- Built a book recommendation system using Python, Scikit-learn, and different libraries, serving personalized results for users.
- Processed large datasets with Pandas and NumPy; used Jupyter Notebook and Matplotlib for analysis and visualization.

Anime Website | *HTML, Tailwind CSS, Javascript React js* | [Deploy](#) [Github](#)

- Developed a responsive Anime website using React.js, enabling users to watch, search, filter, and add anime to a watchlist, handling 500+ titles.

TECHNICAL SKILLS

Languages: SQL, C++, Python, HTML, JavaScript

Developer Tools: VS Code, Git, Jupyter Notebook, PowerBI, Excel (Pivot Tables, VLOOKUP)

Relevant Coursework: Machine Learning, Data Structure, SQL, Database Management System, OOPS, Algorithms, Data Cleaning

Technologies and Frameworks: ReactJS, HTML, CSS, JavaScript

ACHIEVEMENTS

- Enhanced customer satisfaction metrics from 50.44% to 82.61% in 6 months by analyzing 5,000+ feedback records and streamlining resolution workflows across 15+ centers.
- Practiced SQL queries and gained hands-on experience in handling and analyzing data using Excel and database queries.
- Winner of Internal Hackathon for Smart India Hackathon (SIH): Led a team to victory in the college-organized internal hackathon, securing a spot in the national Smart India Hackathon by developing an innovative solution under tight deadlines.
- Coordinated and managed recruitment drives, acting as the key liaison between recruiters and students to ensure smooth execution.
