EDUCATION

G H Raison Collage Of Engineering And Management

Bachelor's Degree in Artificial Intelligence 8.0 CGPA

Pune, MH

jan. 2020– May 2024

Shiv Chhatrapati College

Higher Secondary Certificate class 12th marks 60

Sambhaji Nagar, MH

Sep. 2018 – May 2019

Shyamlal Memorial highschool

Secondary school Certificate class 10th marks 82

Udgir, MH

may. 2016 – May 2017

EXPERIENCE

Data Science intern

Sanjayrekha Aggregator Private Limited Ahen

Jan 2024 –aug 2024

pune, MH

- Built and evaluated machine learning models for customer churn prediction using python libraries.
- Analyzed large datasets with Pandas and NumPy, and created interactive dashboards in Tableau to visualize key business metrics, enhancing data-driven decision-making across departments.
- Cleaned and prepared raw data for analysis, ensuring high data quality and integrity.

Web Development Intern

Elite Softwares Solution

jun. 2023 – jan 2024

pune, MH

- Implemented responsive design principles to optimize the user experience for mobile devices.
- Contributed to the development of a new dynamic websites platform using HTML, CSS, and JavaScript
- Integrated front-end components with back-end APIs using React.js, improving user experience and data flow.

PROJECTS

Student Performance Predictor | Python, ML, Scikit-learn

Jan 2025 – may 2025

- Built a predictive model to analyze student exam scores based on study hours, sleep, and class attendance.
- Achieved 85percentage model accuracy using Linear Regression.

DoS Attack Detection using ML | Python , Numpy ,Matplotlib

May 2024 – Des 2024

- ml based model use to detect the DoS Attack based on Machine learning Algorithms such as Random Forest, Decision Tree, Gradient Boosting and Naive Bayes
- implemented robust ML models to analyse and detect anomalous network behaviour, enabling proactive identification and mitigation of potential threats.

TECHNICAL SKILLS

Languages: Java, Python, C/C++, SQL (Postgres), JavaScript, HTML/CSS, R

Frameworks: React, Node.js, Flask, WordPress, Material-UI, FastAPI

Developer Tools: Git, Docker, Google Cloud Platform, VS Code, Visual Studio, PyCharm, IntelliJ, Eclipse

Libraries: pandas, NumPy, Matplotlib, opencv

CERTIFICATE

SQL for data science

University of California, Davis

introduction of data science

infosys springboard

introduction of business intelligence

infosys springboard
