Smart Plant Management System

2023

Chandigarh University

- Designed a plant monitoring system with automated irrigation and sensor health analysis.
- Processed live data for optimal water use and reliability using Python and DBMS concepts.

Education

B.E., Computer Science Engineering

Expected 2025

Chandigarh University, Mohali, Punjab

CGPA: 7.71/10

Intermediate (CBSE)

2020

VPS

Percentage: 89.6%

Matriculation (CBSE)

2018

Jawahar Navodaya Vidyalaya

Percentage: 88%

Extra-Curricular Activities

- Participant, National Youth Parliament
- Participant, National Science Congress
- NCC Cadet

Interests

Listening to Music, Writing
