

DURVA CHOPADE

BUSINESS ANALYST

Recent MCA graduate specializing in Data Science with a strong foundation in statistical analysis, data visualization, and machine learning. Skilled in SQL, Python, Excel, and data tools like Power BI and Tableau. Passionate about transforming data into actionable insights and solving real-world problems. Eager to apply academic knowledge and analytical mindset in a professional environment to contribute to data driven decision making

WORK EXPERIENCE

Data Analyst Intern

Next24Tech

May 2024 - Sep 2024

- Provided data-driven insights and reports to support client solutions.
- Performed data validation and cleaning using Excel and SQL.
- Collaborated with internal teams to deliver actionable insights.
- Processed time-based and structured datasets for business reporting.
- Used Excel formulas and SQL queries to identify discrepancies and clean data.
- Generated and shared weekly insights with internal teams to support decision-making.

PROJECTS

Healthcare Management System

- Developed a Healthcare Management System to manage patient records, appointments, doctor information, and billing using HTML/CSS for front-end and SQL for backend database.
- Designed and implemented a relational database in SQL to store structured data for patients, doctors, appointments, and medical history.
- Built a responsive and user-friendly web interface using HTML and CSS to allow staff to input, view, and manage data efficiently
- Wrote SQL queries for data retrieval, insertion, updating, and report generation for real-time access to patient and treatment data.

E-commerce Sales Dashboard using Power BI

- Created a KPI-driven dashboard with insights on regional sales and product trends.
- Implemented dynamic filtering and visualization techniques. Cleaned raw data using Power Query; worked with slicers and DAX functions.
- Demonstrated ability to interpret data and share findings with stakeholders.

Pizza Sales Using Power -BI

- Designed a Power BI dashboard to visualize pizza sales performance across categories, timeframes, and customer segments.
- Used slicers and filters for dynamic insights; enabled decision-making on popular items and regional demand.
- Conducted data cleaning and transformation in Excel before dashboard creation.

EDUCATION

MIT College of Management

Aug 2023- June 2025

- Specialization in Data Science
- Master in Computer Science
- CGPA : 8.1/10

Savitribai Phule Pune University

Vishwakarma University

Aug 2020 - May 2023

- B.Sc. - Computer Science
- CGPA : 8.5/10

SOFT SKILLS

- Time Data Entry
- Data Accuracy & Integration
- Critical Thinking
- Problem Solving
- Team Leadership Strategic Planning
- Cross-team Communication

TECHNICAL SKILLS

- Data Preprocessing
- MySQL
- Excel
- R
- Google Analytics
- MS Excel
- Google Sheets
- MS Office
- Power BI
- JIRA
- CRM
