PROFESSIONAL SUMMARY

Results-driven Junior Data Analyst intern with hands-on experience in Python, data visualization, and predictive modeling. Skilled in data cleaning, analysis, and presenting insights using Power BI, Matplotlib, and Seaborn. Contributed to solutions that improved operational efficiency and supported strategic decisions. Strong communicator with a problem-solving mindset and a passion for using data to solve real-world business challenges in Agile environments.

TECHNICAL SKILLS

- **Python** (Data analysis, automation, libraries (e.g. Pandas, NumPy, matplotlib, and Seaborn))
- **MySQL** (Data management, query optimization, data analysis, Extract, data cleaning)
- **Power BI** (Data Visualization, ETL, Report generation, dashboard creation, joins and storytelling)
- **MS Excel** (Proficiency in Ms Excel, VLOOKUP, Marcos & Dashboards)
- **Data modelling and data cleaning** (Data Cleaning, Data Transformation, EDA, Business Intelligence, Agile Methodology)

CORE COMPETENCIES

- SQL Query Optimization & Data Modelling
- Problem-Solving & Critical Thinking Strong
- Communication & Collaboration
- Flexibility & Initiative in Multidisciplinary Roles
- Data Analysis & Insights Generation

PROFESSIONAL EXPERIENCE

Junior Data Analyst intern

Eliora Technologies Pvt. Ltd., Nagpur

Feb 2025 - Current

- Assisted in analysing complex datasets to uncover data-driven insights, supporting improved business decision-making.
- Contributed to the development of **predictive models** to identify trends and enhance operational efficiency.
- Utilized **Python** for data cleaning, statistical analysis, and visualization of results.
- Executed **SQL queries** to extract, filter, and join data from multiple sources for reporting and analysis.
- Created clear and interactive **data visualizations** using tools like **Power BI** to effectively communicate findings to stakeholders.
- Collaborated with team members in an Agile environment, actively participating in discussions to align **data insights** with business objectives.

ReactJS Developer Intern

ILoma Technology services pvt ltd., Nagpur

Jan 2024 - Mar 2024

- Developed responsive and dynamic **React applications** utilizing **Redux** for efficient state management and integrated **RESTful APIs** for real-time data handling.
- Collaborated with **UI/UX designers** to translate design mockups into high-quality, user-centric web interfaces, ensuring optimal usability and accessibility.
- Identified, debugged, and resolved issues within **React components**, improving performance and application stability.

PROJECTS

Sales Analysis: Combos & Customer Segments:

Tools & Technologies: Python (Pandas), Power BI, Seaborn, Matplotlib

- Cleaned and processed 100,000+ records across customer, order, menu, and combo datasets using **Python** and **Excel**.
- Merged and analysed data to identify patterns in **customer behaviour**, **sales trends**, and **menu performance**.
- Built an interactive **Power BI dashboard** to visualize key metrics, including top-selling items and customer segments.
- Discovered that **40% of revenue** came from combo deals with a **20% higher average order value**.
- Highlighted a **15% weekend sales growth** from combos, enabling targeted promotions and strategic menu optimization.

Cubicle: Elevating Workplace Efficiency System – Industry Based Project

Technology Used: ReactJS, NodeJS, MySQL.

- Spearheaded frontend development, significantly boosting industry knowledge and acquiring new technical skills.
- Developed comprehensive presentations outlining strategic changes to improve workplace efficiency.
- Collaborated with HR to design performance evaluation systems that incentivize employee growth.

EDUCATION

BTech, Information Technology

K.D.K. College of Engineering, Nagpur | CGPA: 8.40 2024

Class XII, Science

Baba Nanak Sindhi Hindi Jr College | Score: 63.85% 2020

Class X

Adarsh Vidya Mandir High School | Score: 87.20% 2018

CERTIFICATION

- | | |
|---|------------------|
| • Career Young Professional Certificate - TCS | October 27,2021 |
| • Data Analytics for job simulation – ACCENTURE | December 12,2023 |
| • ReactJS Frontend development – Udemy | January 28,2023 |

ACHIEVEMENTS & VOLUNTEERING

- Ranked 5th in Rashtrasant Tukadoji Maharaj Nagpur University
- National Service Scheme (NSS) Volunteer – 2021 to 2022
