OBJECTIVE

Recent BCA Data Science graduate with hands-on experience in building interactive Power BI dashboards and a foundation in data analysis, data visualization, and business intelligence. Skilled in transforming structured data into actionable insights using tools like Power BI, Excel, DAX, and SQL. Eager to contribute to a data-driven team by delivering analytical solutions that support business decision-making. Quick learner, detail-oriented, and passionate about leveraging data to solve real-world challenges and drive performance improvements.

SKILLS

Technical Skills	Power BI, Power Query, DAX, SQL(PostgreSQL, MySQL), Excel (Advanced), Python.
Core Skills	Data Cleaning, Data Visualization, KPI Tracking, Dashboard Design, Analytical Thinking.

PROJECTS

Learning Project

Sales Performance Dashboard (Power BI) ([GitHub Repository](#))

Developed an interactive dashboard using Power BI to analyze sales data and track KPIs, leveraging features like DAX functions, data modeling, and visualization tools. Enhanced skills in data storytelling and actionable insight generation.

Blinkit Dashboard (Power BI) ([GitHub Repository](#))

Created an interactive dashboard analyzing Blinkit's delivery performance and order trends using Power BI. Leveraged DAX, data modeling, and visualization techniques to track key metrics, optimize insights, and enhance decision-making.

Online Bookstore Analysis (SQL) ([GitHub Repository](#))

Created a comprehensive end-to-end SQL project using PostgreSQL to design and populate a bookstore database. Wrote queries to identify top-selling books and genres, analyze customer order behavior, calculate total revenue, and monitor stock levels.

Pizza Sales Analysis (SQL) ([GitHub Repository](#))

Completed a guided SQL project to analyze a pizza sales dataset by importing CSV files into MySQL. Wrote queries to calculate total orders, revenue, top-selling pizzas, and customer trends using joins, aggregations, and date functions. Gained hands-on experience in solving real business problems through SQL-based insights.

Internship Dashboard Projects (Power BI):

- Created 5+ interactive dashboards including AR, Sales, Stock, Profit and Loss, Budgeting, and Procurement.
- Applied DAX, Power Query, and data modeling to build insights and enhance reporting.
- Collaborated with teams to define key KPIs and design visuals for business decision-making.

EXPERIENCE

Power BI Intern (Remote)

March 2025 – Present

- Designed and developed an Accounts Receivable dashboard with detailed PDC analysis, highlighting collected, pending, and overdue cheques
- Created a Budgeting dashboard to compare planned vs actual spend across departments
- Built a 3-page Profit Loss dashboard with KPIs, income/expense trends, and waterfall visuals
- Developed a Sales Achieved vs Target dashboard using dynamic category, time, and salesman-based target logic
- Built a Stock Analysis dashboard to monitor item-wise trends, closing values, and reorder insights

- Designed a Procurement dashboard to visualize supplier-wise purchases and category-level spend
- Collaborated with ERP and finance teams to identify data requirements and define key metrics
- Applied DAX for calculated KPIs, Power Query for transformation, and slicers/drillthroughs for user exploration

EDUCATION

BCA in Data Science, Krupanidhi Degree College

2021-2024

CGPA:8.9

Academic Project: Computer service management system (Front-End: HTML, CSS, Javascript Back End: PHP, MySQL) - Built a web based Computer Service Management System providing an interactive platform between users and computer service provider companies. The system allowed customers to submit service requests and track their progress.

Higher Secondary, GHSS Kokkallur

2019-2021

Percentage:98%

Module: Science, Maths, English

ACCOMPLISHMENTS

- Certificate of appreciation for 73% in the computer science and mathematics quiz.
- Completed and received a passing grade in Python 101 for the IBM data science course.
- Participated in seminars, paper presentation, debate competition excelling transferable skills.
