EDUCATION

Acropolis Institute of Technology and Research

2021 – 2025

B.Tech., Computer Science & Information Technology- CGPA – 7.34/10

Indore, Madhya Pradesh

St.Vincent Pallotti School

2020 – 2021

12th, Central Board of Secondary Education - Percentage – 75.6%

Indore, Madhya Pradesh

TECHNICAL SKILLS

Languages: Python, SQL, C++

Libraries & Frameworks: Pandas, Polars, NumPy, Seaborn, Matplotlib, Scikit-learn

Data Visualization & Reporting: Excel , Power BI (Basic), Jupyter Notebook

Web Technologies: HTML, CSS, JavaScript (Basic)

Operating Systems: Windows, Linux

Coursework: Object-Oriented Programming , Operating Systems , Database Management Systems, Computer Networks

PROJECTS

INNER BLISS- “Nurture your Soul, Nurture your Bliss”

- Developed Mental Health App: Empowering users to manage their well-being through proactive self-care and personalized recommendations.
- Full-Stack Implementation: Leveraged HTML, **CSS, JavaScript (Bootstrap)** for engaging front-end; Implemented scalable back-end with **SQL and PHP**.
- Key Features: Mood tracking, guided meditations, integrated therapist scheduling, Journaling.
- Fostering Mental Health Culture: Accessible and personalized support reducing barriers to mental health support.

CLARITYBOARD – Kanban Board

- Developed a full-stack Kanban-style task management web application using **React & TypeScript** , designed to improve team collaboration and project organization.
- Utilized **React** to provide a seamless and intuitive user experience.
- Implemented a detailed task view modal that display information such as user, description, details, and the ability to set a task priority.

MOOD VS MUSIC – Streaming Analysis

- Conducted exploratory data analysis on Spotify’s audio features dataset using **Python (Polars/Pandas)** and **Seaborn**.
- mood-related metrics like valence, energy, and danceability to uncover trends in song popularity.
- Visualized genre-wise and year-wise patterns to explore the relationship between emotional tone and stream counts.

ACHIEVEMENTS & CERTIFICATIONS

- Completed Virtual Internship of Deloitte **Data Analytics**
- Solved 300+ questions on various coding platform.
- Achieved **DBMS** NPTEL Certification (Elite)
- Earned **OS** NPTEL Certification (Elite)
- Earned Stanford **Supervised Machine Learning** Certification (Coursera)
- **AWS** Skill builder Certified
- Product Management First Steps Certificate (Udacity)
