SOFT SKILLS

JOB OBJECTIVE

Availability: Immediate Joiner

Motivated marketing professional with an MBA in Marketing and strong analytical, digital, and strategic thinking skills. Seeking a marketing-focused role where I can apply my knowledge of project management, business analysis, and customer insights. Familiar with digital marketing concepts like SEO, SEM, and content strategy, and proficient in Power BI, SQL, and Excel for marketing analytics and performance reporting.

PROFILE SUMMARY

- ➔ Aspiring Marketing and Business Analyst with experience in **customer lifecycle analysis, sales operations, and insight-driven reporting**, actively transitioning into a marketing-focused role.
- ➔ Holds an **MBA in Core Marketing** with academic exposure to **digital marketing concepts** including **SEO, SEM, advertising strategies**, and **brand positioning**, supported by certifications like **Applied Marketing by CIM**.
- ➔ Familiar with tools such as Google Ads, Google Analytics, Mangools, GravityWrite, and Canva, with working knowledge of how they support **keyword research, campaign planning, and digital content**.
- ➔ Proficient in **SQL, Advance Power BI, Advance MS Excel, and Tableau to build marketing dashboards**, extract customer insights, and support data-backed decisions for campaign and product performance.
- ➔ Comfortable using CRM tools, like Figma for basic collaboration, task tracking, and UI/UX understanding.
- ➔ Recognized for a strategic and analytical mindset, strong grasp of **consumer behavior, customer segmentation, and marketing funnels**, with a collaborative and data-driven approach to solving business problems.

WORK EXPERIENCE

Relationship Manager May 2024 – Present Aditya Birla Finance Ltd., Bengaluru

- ➔ Leveraged **SQL to extract, clean, and segment customer data** based on repayment behavior and recent credit activity; generated targeted lead lists for the business development team to drive cross-sell and upsell outreach to high-potential existing clients.
- ➔ Built and presented **Power BI dashboards for channel partners** to track key performance indicators (KPIs) such as loan conversion rates, partner performance, and portfolio growth; supported with tailored marketing decks to improve engagement, accelerate onboarding, and enable data-driven business decisions.
- ➔ Streamlined **DSA partner onboarding** by simplifying documentation workflows and improving time-to-readiness, ensuring faster ramp-up and stronger alignment with business goals.
- ➔ Collaborated with Credit and Risk teams to prepare **data-backed proposals**, mapping customer profiles to relevant financial solutions and supporting strategic decision-making.

Retail Customer Feedback Analyst June 2023 – August 2023 Reliance Retail, Delhi

- ➔ Collected and analyzed feedback from **5,000+ customers** using **Google Forms, NVivo, and SPSS**, uncovering insights that informed product and service improvements.
- ➔ Created a **SIP report** using **SQL for data extraction and Power BI for dashboard creation**, presenting findings to **Reliance Retail and Reliance Digital** with recommendations **projected to boost sales by 27%**.
