Delhi

Summary

Recent graduate with a Master's in Statistics from the Central University of Haryana, eager to begin my professional journey. With a solid academic foundation, I am passionate about Data Analysis and Risk Assessment. Committed to continuous learning and excited to apply my skills to real-world challenges.

Experience

Credit Card Fraud Detection

Dissertation-CUH

02/2024 - 05/2024

- Executed various algorithms on a dataset have 492 frauds out of 284,807 transactions with 31 columns, focusing on fraud detection.
- Developed and deployed a credit card fraud detection system using machine learning algorithms such as Logistic Regression, Random Forest, and XGBoost.
- Implemented SMOTE to mitigate class imbalance, resulting in a significant increase in fraud detection .
- Evaluated model performance using metrics like precision, recall, and F1-score, demonstrating superior results with SMOTE accuracy 0.97 compared to non-oversampled models.

Pizza Sales Analysis Project

05/2024 - 06/2024

- Analyzed pizza sales data using SQL and Excel to identify key trends and performance metrics.
 - Created SQL queries to calculate KPIs like revenue, order value, and top-selling pizza items.
 - Built an interactive Power BI dashboard to visualize sales patterns and support data-driven decisions.
-

Education

Course/Exam	Institution/University	University/Board	Year of Passing
M.Sc. Statistics	Central University of Haryana	CUH	2024 (8.2 CGPA)
B.Sc. Mathematical Science	R.K.P.G Degree College	CCSU	2022 (8.1 CGPA)
Class 12th	Silver Bells Public School	CBSE	2019 (7.3 CGPA)
Class 10th	Silver Bells Public School	CBSE	2017 (9.0 CGPA)

Skills

- Data Analysis, Data Visualization, Data Collection, Statistical Analysis, Excel, Python, SQL, ML
-

Certificates

- R programming
 - SQL - Hackerrank
-
