Objective

As a recent graduate in AIML with hands-on experience in Python, AI/ML, data analytics, and cloud computing, I am eager to apply my technical knowledge and problem-solving skills to contribute to a dynamic team. I am passionate about learning new technologies, developing innovative solutions, and growing in a fast-paced environment.

Skills

- **Programming Languages:** Python, C++, C, SQL, .net
 - **AI/ML:** TensorFlow, Pandas, Open CV
 - **Cloud Computing:** Microsoft Azure
 - **Data Analytics:** Microsoft Power BI, MS Excel
 - **Tools:** Github, Jupyter Notebook, VS Code
-

Academic Details

B.Tech in Artificial Intelligence & Machine Learning – Chandigarh Engineering College (2021–2025)

CGPA: 8.9/10

Grade 12 (PCMCS) – Kamal model Sr. Sec school (86.6%)

Grade 10 – Kamal model Sr. Sec school (86.4%)

Projects

Object Detection Software

Object Detection software utilizing advanced computer vision algorithms. Can be used in designing intuitive user interfaces for seamless interaction with gesture-controlled systems.

- Built a real-time image processing system for user identification.
- Managed user data in Excel for easy registration and authentication.

Technologies Used: Python, OpenCV, Excel, Tensorflow

Snakey

Developer of "Snakey", a snake game with a user-friendly interface and basic game mechanics.

A snake game which saves player data and shows player's career report and many more features and interesting Graphical Interface.

Technologies Used: Python, Tkinter, MySQL, Matplotlib

Training Experience

Solitaire Infosys Pvt. Ltd. – Python Training (6 weeks)

- Gained proficiency in Python, mastering both basic and advanced concepts, including object-oriented programming and data structures.
- Acquired practical experience in developing Python applications and AI/ML projects, and learned about key libraries such as NumPy, pandas, and TensorFlow.

Industrial Manpower Solutions (Jan 2025- Apr 2025)

- Gained hands-on experience as programmer analyst trainee, learning to solve real-world problems using AI solutions.
-

Certifications

- **CodeKatana:** Took part in Code katana competition organized on the geeks for geeks website and secured the highest score.
- **National Science Day 2022:** Participated in National Science Day organized by our college.
- **Ideathon 2023:** Participated in ideathon organized by our college. Presented the Idea of AI dustbin to separate the wet and dry garbage with the help of AI.
