Summary

Aspiring Front-End Developer with strong hands-on experience in building responsive, user-friendly Applications using modern technologies like JavaScript, HTML5, React.js, CSS3. Passionate about writing clean, maintainable code and continuously learning new tools and frameworks, where I can make the best of my potential and contribute to the organization growth with all my abilities.

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech.	Malla Reddy Engineering College for Women	8.23	2020- 2024
Intermediate	Sri Shivani Junior College	90.2	2018-2020
SSC	Ideal Foundation High School	8.2	2017-2018

PROJECTS

Zerodha login page:

- Developed a Zerodha - style login page using HTML, CSS, and JavaScript, replicating the design and functionality for learning and practice purposes.
- Implemented key features such as user input fields, password masking, and form validations using JavaScript.
- Used CSS Flexbox and media queries to ensure a responsive and mobile-friendly layout.
- Focused on clean UI/UX design, ensuring cross-browser compatibility and accessibility.
- Gained practical experience in frontend development and modern web design standards.

Fake Image Detection:

- Engineered a cutting-edge AI system that analyzed over 10,000 images daily for authenticity, resulting in a 50% reduction in fraudulent content and boosting user trust in the platform's integrity.
- Deployed an AI/ML-based fake image detection system, flagging over 1,000 deepfakes in the first week and enabling content moderators to remove manipulated media 6x faster on the platform.

SKILLS

Programming: HTML, CSS, JavaScript, Python

Framework: React.js

Databases: MySQL

CERTIFICATIONS

- Certified Course on Cambridge English Certification
- Certified from Cisco Networking Academy for Python
