

PRANJAL SHARMA

DELHI, INDIA • +918287078117 • pranjalsharmapro8@gmail.com • <https://www.linkedin.com/in/pranjal-sharma-778a91204>

Summary

A recent B.Tech graduate in Artificial Intelligence and Machine Learning, seeking an Data Analyst role to apply skills in data cleaning, analysis, and visualization. Proficient in tools like Python (Pandas, NumPy, Matplotlib), SQL, Excel, and Power BI. Strong understanding of EDA (Exploratory Data Analysis), and a quick learner with attention to detail. Passionate about solving problems using data and contributing to business decisions.

EXPERIENCE

GroupM, (Gurgaon)

07/2024-08/2024

DATA ANALYST INTERNSHIP

- Worked on marketing data analysis and visualization.
- Tools used SQL, Excel, Python ,Pandas, Numpy, Matplotlib.
- Generated insights leading to 14% increased campaign performance.

PRESIDENT (FASHION SOCIETY)-ANDAAZ

04/2023-12/2024

- Led a 150+ member college society, organized 7–8 events across campuses.
- Coordinated teams, budgets, and logistics for fashion and cultural events.
- Won 1st prize in inter-college competition at Geetaratan College.
- Gained leadership, communication, and team management skills.

PROJECTS

- 1) Campaign Performance Optimization
- Analyzed Built a Power BI dashboard to analyze digital marketing campaign performance and improve channel effectiveness.
 - Preprocessed, cleaned, and transformed data before creating visualizations.
 - Derived insights on top-performing platforms and underperformers.
 - Tools/Skills: Power BI, Excel, Data Cleaning, Visualization
- 2).Sales Dashboard and customer segmentation using Power BI
- Created a Power BI dashboard to visualize sales trends and segment customers by product performance.
 - Performed data cleaning in Excel and transformed raw sales data to generate KPIs and dynamic visuals.
 - Helped identify high- and low-performing regions.
 - Tools/Skills: Power BI, Excel, SQL, DAX, Dashboarding
- 3). Students Record Analysis - EDA Project
- Analyzed 30,000+ student records to study how parental education impacts academic scores.
 - Performed data cleaning and EDA using Pandas, and visualized patterns with Matplotlib.
 - Discovered a strong correlation between education and performance.

- Tools/Skills: Python, Pandas, NumPy, Matplotlib, EDA

4). HR Analytics – Attrition Dashboard

- Developed an HR dashboard to analyze employee attrition trends.
- Cleaned and preprocessed HR data, performed EDA in Python, and visualized insights in Power BI using filters and slicers for better decision-making.
- Tools/Skills: Power BI, Python, Pandas, EDA, Data Cleaning

5). Face Mask Detection using MobileNetV2

- Built a real-time face mask detection model using deep learning with MobileNetV2.
- Preprocessed image dataset, trained CNN model, and deployed webcam-based predictions using OpenCV, achieving 99% accuracy.
- Tools/Skills: TensorFlow, MobileNetV2, OpenCV, CNN, Python

EDUCATION

Vivekananda Institute Of Professional Studies, Delhi	2021-2025
AIML-Btech	
CGPA- 9.0	
M.M Public School , Delhi	2020
CBSE(12 TH)	
CGPA- 7.6	

SKILLS

- Programming & Languages: Python, SQL, Java, Machine learning Algorithms
- Libraries & Tools: Pandas, NumPy, Matplotlib, Power BI, Jupyter Notebook, Tensorflow, Keras, OpenCV
- Visualization and Reporting: Power BI, Excel Dashboards ,Data Visualization, Data Preprocessing
- Soft Skills: Good Communication skills, Problem Solving skills , Teamwork
- Software Proficiency : MS Excel, Google Docs, Google Sheets, MS Word, MS Powerpoint
