EDUCATION

Indira Institute of Management <i>Master of Business Administration - Marketing and Business Analytics</i>	Pune, Maharashtra 2022 – 2024
Marathwada Institute of Technology <i>Bachelor of Technology - Civil Engineering</i>	Aurangabad, Maharashtra 2018 – 2022

EXPERIENCE

Management Trainee – Business Analyst Trainee <i>Legrand India Pvt. Ltd.</i>	June 2024 – Feb. 2025 Pune, Maharashtra
- Conducted in-depth analysis of customer segments and market trends across 130+ builder and contractor accounts, enabling data-backed strategic recommendations for revenue growth. - Identified and qualified high-value opportunities worth ₹2.1 crore using CRM insights and market research, driving pipeline efficiency and conversion strategies. - Facilitated business decisions that led to closure of ₹50 lakh in revenue by prioritizing leads and presenting actionable insights to senior sales leadership. - Maintained CRM with 92% data accuracy, optimizing customer profiling and segmentation for targeted marketing and sales actions. - Collaborated with sales, marketing, and product teams to identify customer needs, uncover market gaps, and enhance go-to-market strategies. - Developed business performance dashboards and reports to track KPIs including lead conversion rates, customer engagement, and sales effectiveness.	
Market Research Analyst Intern <i>Brandessence Market Research and Consulting Pvt. Ltd.</i>	May 2023 – July 2023 Pune, Maharashtra
- Authored data-driven press releases on emerging industry trends to support client communication and positioning. - Conducted competitive landscape analysis for 300+ companies across 18 sectors in Taiwan and Switzerland, uncovering strategic insights and investment opportunities. - Leveraged Excel and visualization tools to synthesize key patterns in market behavior and competitor strategy, contributing to actionable client recommendations.	

PROJECTS

Profitability Dashboard | Tableau

- Designed a Tableau dashboard to evaluate overall profit by category, product, and region
- Highlighted the top 10 least profitable items to support cost-saving recommendations
- Visualized profit trends over time and across U.S. states using maps and line graphs

Sales Representative Calls Dashboard | Tableau

- Created a dashboard to monitor sales reps' call activity, split by incoming and outgoing calls
- Ranked top-performing reps by volume and identified peak calling hours (e.g., 2 PM insights)
- Used stacked bar charts and filters to enable quick performance comparisons across reps.
