

SANGHARSH WALDE

NAGPUR, MAHARASHTRA

+91 8862071240 sangharshwalde2701@gmail.com [linkedin](https://www.linkedin.com/in/sangharshwalde)

Education

Dr B.R. Ambedkar National Institute of Technology, Jalandhar.

Dec 2021 - June 2025

Bachelor of Technology in Instrumentation and Control Engineering(CGPA 6.69).

Punjab, India

Experience

Tata Insights and Quants (Forage)

Remote

GenAI-Powered Data Analytics Simulation (Virtual Internship)

Mar 2024 – Apr 2024

- Conducted **exploratory data analysis (EDA)** to uncover key risk drivers such as repayment history and credit utilization.
- Proposed a **predictive modeling strategy** using XGBoost and LightGBM, with evaluation metrics like **ROC-AUC** and **F1-score**.
- Used **SHAP values** for model interpretability and outlined a plan for bias mitigation and fair AI usage.
- Designed an **agentic AI-powered collections framework** to reduce delinquency and automate personalized recovery strategies.
- Delivered **stakeholder-facing insights**, ensuring compliance with ethical AI standards and financial regulations (EOCA, GDPR, FCRA).

Projects

Tata Data Visualization Simulation

- Cleaned and transformed business datasets to support executive-level reporting and analytics.
- Designed dynamic and insightful dashboards using **Tableau** to highlight KPIs, product performance, and customer segmentation.
- Created interactive visuals such as bar charts, filters, and line graphs to enhance user exploration and decision-making.
- Applied **data storytelling** techniques to translate analytics into clear, actionable business recommendations.
- Prepared and delivered a final insight report tailored to stakeholder needs.

Sales Dashboard Creation using Tableau

- Cleaned and prepared structured sales, customer, and product datasets for analytical use and dashboard creation.
- Designed and developed an interactive **Tableau dashboard** to visualize sales performance across regions and product categories.
- Integrated dashboard components including **KPIs, filters, bar charts, heatmaps, and time-series graphs**.
- Derived actionable insights on **customer behavior, product trends, and seasonal demand patterns**.
- Enabled business teams to make data-driven decisions through intuitive design and effective communication of insights.

Skills

Technical Skills: Python, SQL, MS-EXCEL, Tableau, HTML, CSS, Data Visualization.

Other Skills: Stakeholder Management, Event Management, Team Collaboration, Communication, Leadership, Photoshop, Video Editing.

Position of Responsibility

- Head of NETRA Photography Club, NITJ:** Led and managed the official photography club, overseeing event coverage, creative direction, and team coordination to capture and document key college events.
- Member of Institution's Innovation Council (IIC):** Assisted in organizing innovation challenges, hackathons, and entrepreneurship-related activities to promote an innovation-driven culture on campus.
- Marketing Intern, Techniti College Fest 2023:** Developed and executed marketing strategies to enhance event visibility and sponsorship acquisition.
- Student Mentor, D-SAMP Program:** Guided and mentored over four junior students, helping them with academics, career advice, and personal development.
