📞 6303142618 | ✉️ tanishramwal1404@gmail.com

Professional Summary

Results-driven Research Analyst with over 3 years of experience in data collection, analysis, and financial modeling. Proficient in interpreting complex datasets, creating financial exhibits, and supporting real estate analytics. Strong background in finance and commerce with a keen eye for detail and hands-on expertise in Microsoft Excel, data validation, and internal systems management.

Professional Experience

Experience

Research Analyst – Real Estate & Data Analytics

FactSet – Hyderabad, Telangana

Aug 2022 – Present

- Extracted and structured financial data from corporate reports.
- Analyzed income statements, balance sheets, and cash flows.
- Validated data using Equinox, ensuring GAAP (Generally Accepted Accounting Principles) compliance.
- Maintained time-series data in Helios and ensured accuracy through final quality checks.
- Worked with RPDs (client request tickets) to resolve queries and support upstream/downstream content operations.
- Applied finance and tech knowledge (FTP/SFTP, AI tools) to improve product quality and process efficiency.
- Performed QA checks, identified data inconsistencies, and escalated complex issues as needed.
- Collaborated with multiple internal stakeholders to meet timelines, productivity, and quality benchmarks.
- Communicated documentation gaps and contributed to continuous improvement of internal guidelines.
- Demonstrated sound decision-making and problem-solving in handling unique client scenarios.

Associate Analyst – AI & Data Annotation

GlobalLogic – Hyderabad, Telangana

Jan 2022 – Jul 2022

- Trained AI models by annotating and labeling datasets using machine learning tools.
- Contributed to AI development for tech and gaming projects, enhancing model responsiveness and accuracy.
- Delivered accurate, timely data to support automation initiatives and AI training workflows.
- Maintained performance metrics while resolving technology-related issues during model testing.
